AGENDA INFORMATION SHEET

DEPARTMENT: Finance

ACM: Christine Taylor

DATE: May 20, 2025

SUBJECT

Consider adoption of an ordinance directing the publication of Notice of Intention to issue \$207,515,000 in principal amount of Certificates of Obligation of the City of Denton for Waterworks and Wastewater System and Electric System projects; and providing an effective date.

BACKGROUND

This ordinance provides the Notice of Intention (NOI) to issue \$207,515,000 of Certificates of Obligation (CO) of the City of Denton for Water, Wastewater and Electric System projects, as required by state law. The notice will be published once a week for two consecutive weeks in the Denton Record Chronicle, with the date of the first publication to be at least forty-six (46) days before the date tentatively set for the passage of the ordinance authorizing the issuance of the bonds. The notice will also be posted on the City's website.

Staff recommends the sale of \$207,515,000 in COs for Water, Wastewater and Electric System. Changes to material pricing and project requirements for large projects were compared to the initial 2024 scopes and pricing in developing the NOI project list. The increase in Water and Wastewater is associated with the timing of the Environmental Protection Agency WIFIA program funding. An overall review of Electric's capital projects resulted in a reduction of NOI project dollars.

Below is a listing of recommended Water, Wastewater and Electric System CO funded projects for FY 2024-25.

The City sells bonds in accordance with the useful life of the asset that is being acquired. For example, vehicles are typically sold with bonds that will be paid within five years. For the FY 2024-25 proposed debt issuance for Water, Wastewater and Electric System COs: \$7,626,276 will be 5-year debt, \$157,745,901 will be 20-year debt, and \$40,273,724 will be 30-year debt.

If approved by the City Council, staff will proceed with the publication of the Notice of Intention and will schedule the Bond Ordinance consideration and adoption for July 15, 2025. The bond ordinance will dictate the parameters of the bond sale. Under such an arrangement, staff will be permitted to execute the bond sale within six (6) months of July 15, 2025, provided certain interest rate parameters are met.

RECOMMENDATION

Staff recommends adoption of the ordinance.
