Concern About Proposed Fire Station Location

From Elizabeth Dillard

Date Wed 4/9/2025 10:21 AM

To Bodine, Matt

Cc Dustin Dillard

Hi Matt,

I hope you're doing well. I wanted to reach out and share a personal concern regarding the proposed fire station location near our home.

While we have the utmost respect and appreciation for our first responders—as a law enforcement family ourselves—we truly understand the importance of supporting our emergency services. That said, having a fire station just 200 feet from our home would significantly impact our daily life.

Our backyard directly faces 2181, and we've already experienced a decrease in our quality of life with all the recent growth, increased traffic, and road expansions. Adding a fire station so close would bring constant noise from sirens, flashing lights, and emergency vehicle traffic at all hours—disrupting our family's peace, sleep, and overall well-being.

We fully support the need for public safety infrastructure, but we kindly ask that thoughtful consideration be given to how this location might affect the surrounding residents, especially those already impacted by recent development.

Thanks so much for taking the time to listen—we truly appreciate it.

Warmly,

Dustin and Elizabeth Dillard
