## AGENDA INFORMATION SHEET

**DEPARTMENT:** Department of Development Services

**DCM:** Cassey Ogden

**DATE:** April 14, 2025

### **SUBJECT**

Receive a report, hold a discussion, and give staff direction regarding proposed Code amendments related to Landscape Standards.

### **BACKGROUND**

On April 16, 2024, the City Council adopted an update to the Water Conservation Plan [7-0]. Development Services Staff participated in the preparation of the Water Conservation Plan and were tasked with examining the landscaping standards in the Denton Development Code (DDC) for opportunities to encourage water conservation in the City of Denton.

In addition to changes related to water conservation, Staff has identified areas within the landscape standards which could be revised to utilize best practices and improve clarity, simplifying implementation of the regulations for applicable development. Examples of these clarifications include elements within the landscape point table, alternative landscape regulations, and airport landscape standards.

At the February 24, 2025, Development Code Review Committee (DCRC) meeting, Staff introduced the current Landscape Code regulations in the DDC, provided an overview of the current standards, and discussed areas of the Code proposed to be amended. At the end of the discussion, Staff requested direction from the Committee regarding any additional areas related to the Landscape Code that may have not been included in Staff's presentation that DCRC would like to explore. Discussion amongst the Committee ranged from street tree requirements and barriers to achieving plantings along the right-of-way, balancing irrigation needs with water conservation goals, and utilizing plant material that is suited for the native environment.

At the March 3, 2025, DCRC meeting, Staff presented proposed amendments to Subsections 7.7.3-7.7.5.E of the Landscape Code regulations and Section 9.2 Definitions. These amendments focused on encouraging water-wise landscaping, adapting plantings to the native environment, and ensuring the City is up to date regarding industry best practices through the Denton Development Code. Amendments also incorporated feedback received from the Committee at the February 24, 2025, meeting. Following an overview of the proposed amendments, staff sought consensus and feedback from the Committee regarding the proposed edits to the DDC. Discussion during the meeting focused on landscape needs and requirements at the Denton Enterprise Airport, Low Impact Design, Xeriscaping and planting requirements for residential lots within the City. The Committee provided direction to move forward with the proposed amendments with recommendations to incorporate clarifying information regarding turf grass.

At the March 24, 2025, DCRC meeting, Staff presented proposed amendments to Subsection 7.7.5.F of the Landscape Code regulations and Section 9.2 Definitions. These amendments focused on revisions to the Landscape Plan and Point System requirements applicable to all developments except single-family detached dwelling, duplex, triplex, fourplex and townhome lots. These amendments are intended to support the overall goals of encouraging water-wise landscaping, adapting plantings to the native environment, and ensuring the City is up to date regarding industry best practices through the DDC. Amendments also incorporated feedback received from the committee at the February 24, 2025, and March 3, 2025, meetings. The Committee requested additional information on the Landscape Point System item removing credit for planting 4-inch caliper trees as well as various changes to proposed point items. Supporting documentation regarding why Staff is proposing to remove the credit for planting 4-inch caliper trees was emailed to the Committee on March 28, 2025.

At the April 14, 2025, DCRC meeting, Staff will present proposed amendments to Subsections 7.7.5.G-7.7.5.J of the Landscape Code, Subsection 7.7.7, Street Tree Requirements, and Section 9.2 Definitions. These amendments focus on revisions to the Landscape Installation and Maintenance and Irrigation requirements applicable to all developments except single-family detached dwelling, duplex, triplex, fourplex and townhome lots and Street Tree requirements applicable to all developments. As with the other amendments presented previously, these amendments are intended to support the overall goals of encouraging water-wise landscaping, adapting plantings to the native environment, and ensuring the City is up to date regarding industry best practices through the DDC. Amendments will also incorporate feedback received from the committee, including a discussion of revised items requested in the March 24, 2025, meeting. Following an overview of the proposed amendments, staff will seek consensus and open the floor for additional feedback from the committee regarding the proposed edits to the DDC.

## **EXHIBITS**

1. Exhibit 1 - Agenda Information Sheet
2. Exhibit 2 - DDC Subsection 7.7.5G-7.7.5.J and Subsection 7.7.7
3. Exhibit 3 - Proposed Redline Markups (DDC Subsection 7.7.5.G- 7.7.5.J and Subsection 7.7.7)
4. Exhibit 4 - Presentation (to be distributed at the meeting)

Respectfully submitted:  
Tina Firgens, AICP  
Deputy Director of Development Services/  
Planning Director
