Brett

The sole source memo has been approved.
Please send the estimates for the reimbursement agreement and I will get it started.

Thanks
Corrine

Corinne –

Please see the attached revised letter. Once the letter is approved, we will work on getting a cost estimate for the materials and send that over.

Let me know if you need anything else,

Brett

Brett

Please remove the non-reimbursable items from the letter.

The ILSN, Opticom, and PTZ cameras will be an install only and don't require approval if not getting reimbursed for the equipment.

Also, I will need the estimate when you have it for the items by intersection so I can get the agreement started once the memo is approved. The amount listed in the agreement is the maximum amount the city will be reimbursed for an item when receipts are submitted at the end of the project. If the amount is less than the agreement, the lesser of the 2 will be paid.

Thanks

Corrine Chandler, P.E.

Corrine –

See the attached Sole Source letter for the City of Denton supplied items for the HSIP projects.

Let me know if you have any questions or if you need anything else,

Brett

Following up on the sole source memo and estimate. The plans are going to be submitted in 3 weeks for the June 2023 let. The city supply estimate is part of the project.

The sole source memo should be approved prior to submitting the plans to guarantee the city will be reimbursed.

Thanks
Corrine Chandler, P.E.

Hello

Just following up on the sole source memo to get approval for city supplied equipment reimbursement.

Thanks
Corrine Chandler, P.E.

Hello

Attached is the example of a sole source memo and half of the 90% plans. The plans set was too big to attach to a single email.

I am going to send a second email with the other half.

Any questions, let me know.

Thanks
Corrine Chandler, P.E.
