

City of Denton and Texas Department of Transportation Collaboration, Safety and Planning

Rebecca P. Diviney, PE

City Engineer/General Manager of Public Works

Amanda Miller, PE

Denton County Area Engineer

TxDOT Denton Area Office

June 6, 2023

Agenda

- Background
- Coordination Efforts
- TxDOT Safety Process
- TxDOT Planning/Construction Projects

Background

- On April 18, former Council Member Davis gave a two-minute pitch requesting a work session to discuss traffic safety along West US 380 along with the TxDOT collaboration with the City of Denton including efforts relating to safety and planning measures.

TxDOT Roadways within City of Denton

ID23-919

June 6, 2023

City of Denton and TxDOT Coordination

- Monthly Coordination Meetings to review Development, Engineering, and Enforcement related questions
- Monthly On System Meetings to go over all projects TxDOT has in planning/design and construction to coordinate
- Monthly presentation from ITS to the Mobility Committee regarding projects in design and construction
- Regular correspondence as needed between City staff and Area Engineer
- Regular correspondence on permits for work to be performed in TxDOT ROW
- Regular project specific meetings for City utility relocations in advance of TxDOT widenings (typically, biweekly such as I-35)

HELP

#EndTheStreakTX

End the streak of daily deaths on Texas roadways.
