

CERTIFICATE OF APPROPRIATENESS APPLICATION AND CHECKLIST

A Certificate of Appropriateness (COA) is required for all proposed in-kind replacement, new construction, relocation, addition, demolition, or other exterior alterations to a local, state, and national landmark, as well as any property within a local historic district. A COA is required before work may begin in all cases whether the project requires a building permit. If a building permit is required, it will **not** be issued prior to approval of a COA. This is authorized by **Denton Development Code Section 2.9.2**.

All applications for a COA shall be filed with the City of Denton's Planning Department, care of the Historic Preservation Officer. Preliminary review of a COA application will be processed by the Planning Department within 5 to 10 business days. A submittal of a complete application and checklist will facilitate a timely review. Additional information may be required by the Planning Department while the proposal is under review. COA Applications submitted within two weeks of a scheduled Historic Landmark Commission (HLC) meeting will be placed on the following HLC meeting agenda, to allow Staff time to review.

According to DDC Section 2.9.2B., certain applications may be administratively approved by the Historic Preservation Officer. Applications which must be considered by the HLC for approval will be placed on the next available HLC meeting agenda. The HLC typically meets on the second Monday of every month in the Development Services Center at 401 N Elm Street, Denton, Texas 76201.

The checklist is intended to assist in the preparation of a COA for review and describes generally what is needed to facilitate the review of a proposed Certificate of Appropriateness. The quality of the presentation of a COA request to the HLC is limited by the information provided with an application.

*****FAILURE OF THE APPLICANT TO PROVIDE REQUIRED INFORMATION WILL RESULT IN THE APPLICATION NOT BEING PROCESSED.***
