

RFP 8455, 8462, 8463 Light and Medium Duty Vehicles

Tom Gramer

Director of Facilities & Fleet

Date: July 16, 2024

File ID: 24-1324

Light and Medium Duty Vehicles

- The City's fleet is comprised of various makes and models, serving diverse municipal functions for City operations.
- With an emphasis on sustainability and environmental responsibility, the City is committed to incorporating electric vehicles (EVs) into the fleet where applicable.
- Staff recommends awarding three (3) separate contracts for the acquisitions and repairs of City vehicles. Each contract will have a primary, secondary, and tertiary vendor with a not to exceed of \$10,000,000 per contract, for a total of \$30,000,000.
- This approach ensures redundancy, flexibility, and mitigates risk while maintaining a competitive position in the light and medium duty acquisition market.

	Year 1	Year 2	Year 3	Year 4	Year 5	Total
RFP 8455 Chevrolet Additions, Replacements and Repairs	\$3,000,000	\$1,750,000	\$1,750,000	\$1,750,000	\$1,750,000	\$10,000,000
