

# Denton Municipal Electric

---

Community Sponsorship Program

Public Utilities Board

August 14, 2017

# Current Process

---

- DME currently has \$100,000 budgeted for sponsorships
- These funds are typically used for non-profit organizations, and sometimes other city department events.
  - The purpose was to provide a similar process to what is found in investor owned utilities
- Over the past few years, DME has spent between \$42K to \$64K on such sponsorships

# Current Process (cont'd)

---

- Other sponsorships for the City require City Council approval
- These sponsorships also have an application process, selection criteria, and formal agreement that is entered into by the City and other parties
  - DME has had no formal process; only an internal approval process has been used.

# Direction

---

- Staff is seeking direction from the Public Utilities Board to whether the program should be continued
- If the program is continued, staff will present the Public Utilities Board and City Council with a proposed application and approval process for future sponsorship requests
