

ORDINANCE NO. 21-319

AN ORDINANCE OF THE CITY OF DENTON, A TEXAS HOME-RULE MUNICIPAL CORPORATION, AUTHORIZING THE CITY MANAGER, OR HER DESIGNEE, TO EXECUTE A PROFESSIONAL SERVICES AGREEMENT WITH KIMLEY-HORN AND ASSOCIATES, INC., FOR PROFESSIONAL ENGINEERING SERVICES FOR THE RYAN ROAD CORRIDOR IMPROVEMENTS PROJECT FOR THE CAPITAL PROJECTS-ENGINEERING DEPARTMENT AS SET FORTH IN THE CONTRACT; PROVIDING FOR THE EXPENDITURE OF FUNDS THEREFOR; AND PROVIDING AN EFFECTIVE DATE (RFQ 6590-097 – PROFESSIONAL SERVICES AGREEMENT FOR ENGINEERING SERVICES AWARDED TO KIMLEY-HORN AND ASSOCIATES, INC., IN THE NOT-TO-EXCEED AMOUNT OF \$461,100.00).

WHEREAS, on March 6, 2018 and June 5, 2018, the City Council approved a pre-qualified engineer list (Ordinance 2018-331), and the professional services provider (the “Provider”) mentioned in this ordinance, is being selected as the most highly qualified on the basis of its demonstrated competence and qualifications to perform the proposed professional services; and

WHEREAS, the fees under the proposed contract are fair and reasonable and are consistent with, and not higher than the recommended practices and fees published by the professional associations applicable to the Provider’s profession, and such fees do not exceed the maximum provided by law; NOW, THEREFORE,

THE COUNCIL OF THE CITY OF DENTON HEREBY ORDAINS:

SECTION 1. The City Manager, or her designee, is hereby authorized to enter into an agreement with Kimley-Horn and Associates, Inc., to provide professional engineering services for the City of Denton, a copy of which is attached hereto and incorporated by reference herein.

SECTION 2. The City Manager, or her designee, is authorized to expend funds as required by the attached contract.

SECTION 3. The City Council of the City of Denton, hereby expressly delegates the authority to take any actions that may be required or permitted to be performed by the City of Denton under this ordinance to the City Manager of the City of Denton, or her designee.

SECTION 4. The findings in the preamble of this ordinance are incorporated herein by reference.

SECTION 5. This ordinance shall become effective immediately upon its passage and approval.

The motion to approve this ordinance was made by John Ryan and seconded by Jesse Davis, the ordinance was passed and approved by the following vote [7 - 0]:

CITY OF DENTON, TEXAS

STANDARD AGREEMENT FOR ENGINEERING RELATED PROFESSIONAL SERVICES

This AGREEMENT is between the City of Denton, a Texas home-rule municipality ("CITY"), and **Kimley-Horn and Associates, Inc.**, with its corporate office at 421 Fayetteville Street, Suite 600, Raleigh, NC 27601 and authorized to do business in Texas, ("ENGINEER"), for a PROJECT generally described as: Ryan Road Corridor Improvements (the "PROJECT").

SECTION 1 **Scope of Services**

- A.** The CITY hereby agrees to retain the ENGINEER, and the ENGINEER hereby agrees to perform, professional engineering services set forth in the Scope of Services attached hereto as Attachment A. These services shall be performed in connection with the PROJECT.
- B.** Additional services, if any, will be requested in writing by the CITY. CITY shall not pay for any work performed by ENGINEER or its consultants, subcontractors and/or suppliers that has not been ordered in advance and in writing. It is specifically agreed that ENGINEER shall not be compensated for any additional work resulting from oral orders of any person.

SECTION 2 **Compensation and Term of Agreement**

- A.** The ENGINEER shall be compensated for all services provided pursuant to this AGREEMENT in an amount not to exceed \$461,100 in the manner and in accordance with the fee schedule as set forth in Attachment B. Payment shall be considered full compensation for all labor, materials, supplies, and equipment necessary to complete the services described in Attachment A.
- B.** Unless otherwise terminated pursuant to Section 6. D. herein, this AGREEMENT shall be for a term beginning upon the effective date, as described below, and shall continue for a period which may reasonably be required for the completion of the PROJECT, until the expiration of the funds, or completion of the PROJECT and acceptance by the CITY, whichever occurs first. ENGINEER shall proceed diligently with the PROJECT to completion as described in the PROJECT schedule as set forth in Attachment D.

SECTION 3 **Terms of Payment**

Payments to the ENGINEER will be made as follows:

A. Invoice and Payment

- (1) The Engineer shall provide the City sufficient documentation, including but not limited to meeting the requirements set forth in the PROJECT schedule as set forth in Attachment D to reasonably substantiate the invoices.
- (2) The ENGINEER will issue monthly invoices for all work performed under this AGREEMENT. Invoices for the uncontested performance of the particular services are due and payable within 30 days of receipt by City.
- (3) Upon completion of services enumerated in Section 1, the final payment of any balance for the uncontested performance of the services will be due within 30 days of receipt of the final invoice.
- (4) In the event of a disputed or contested billing, only that portion so contested will be withheld from payment, and the undisputed portion will be paid. The CITY will exercise reasonableness in contesting any bill or portion thereof. No interest will accrue on any contested portion of the billing until mutually resolved.
- (5) If the CITY fails to make payment in full to ENGINEER for billings contested in good faith within 60 days of the amount due, the ENGINEER may, after giving 7 days' written notice to CITY, suspend services under this AGREEMENT until paid in full. In the event of suspension of services, the ENGINEER shall have no liability to CITY for delays or damages caused the CITY because of such suspension of services.

SECTION 4 Obligations of the Engineer

Amendments to Section 4, if any, are included in Attachment C.

A. General

The ENGINEER will serve as the CITY's professional engineering representative under this AGREEMENT, providing professional engineering consultation and advice and furnishing customary services incidental thereto.

B. Standard of Care

The ENGINEER shall perform its services:

- (1) with the professional skill and care ordinarily provided by competent engineers practicing in the same or similar locality and under the same or similar circumstances and professional license; and

- (2) as expeditiously as is prudent considering the ordinary professional skill and care of a competent engineer.

C. Subsurface Investigations

- (1) The ENGINEER shall advise the CITY with regard to the necessity for subcontract work such as special surveys, tests, test borings, or other subsurface investigations in connection with design and engineering work to be performed hereunder. The ENGINEER shall also advise the CITY concerning the results of same. Such surveys, tests, and investigations shall be furnished by the CITY, unless otherwise specified in Attachment A.
- (2) In soils, foundation, groundwater, and other subsurface investigations, the actual characteristics may vary significantly between successive test points and sample intervals and at locations other than where observations, exploration, and investigations have been made. Because of the inherent uncertainties in subsurface evaluations, changed or unanticipated underground conditions may occur that could affect the total PROJECT cost and/or execution. These conditions and cost/execution effects are not the responsibility of the ENGINEER.

D. Preparation of Engineering Drawings

The ENGINEER will provide to the CITY the original drawings of all plans in ink on reproducible mylar sheets and electronic files in .pdf format, or as otherwise approved by CITY, which shall become the property of the CITY. CITY may use such drawings in any manner it desires; provided, however, that the ENGINEER shall not be liable for the use of such drawings for any project other than the PROJECT described herein.

E. Engineer's Personnel at Construction Site

- (1) The presence or duties of the ENGINEER's personnel at a construction site, whether as on-site representatives or otherwise, do not make the ENGINEER or its personnel in any way responsible for those duties that belong to the CITY and/or the CITY's construction contractors or other entities, and do not relieve the construction contractors or any other entity of their obligations, duties, and responsibilities, including, but not limited to, all construction methods, means, techniques, sequences, and procedures necessary for coordinating and completing all portions of the construction work in accordance with the AGREEMENT Documents and any health or safety precautions required by such construction work. The ENGINEER and its personnel have no authority to exercise any control over any construction contractor or other entity or their employees in connection with their work or any health or safety precautions.

- (2) Except to the extent of specific site visits expressly detailed and set forth in Attachment A, the ENGINEER or its personnel shall have no obligation or responsibility to visit the construction site to become familiar with the progress or quality of the completed work on the PROJECT or to determine, in general, if the work on the PROJECT is being performed in a manner indicating that the PROJECT, when completed, will be in accordance with the AGREEMENT Documents, nor shall anything in the AGREEMENT Documents or this AGREEMENT between CITY and ENGINEER be construed as requiring ENGINEER to make exhaustive or continuous on-site inspections to discover latent defects in the work or otherwise check the quality or quantity of the work on the PROJECT. If the ENGINEER makes on-site observation(s) of a deviation from the AGREEMENT Documents, the ENGINEER shall inform the CITY.
- (3) When professional certification of performance or characteristics of materials, systems or equipment is reasonably required to perform the services set forth in the Scope of Services, the ENGINEER shall be entitled to rely upon such certification to establish materials, systems or equipment and performance criteria to be required in the AGREEMENT Documents.

F. Opinions of Probable Cost, Financial Considerations, and Schedules

- (1) The ENGINEER shall provide opinions of probable costs based on the current available information at the time of preparation, in accordance with Attachment A.
- (2) In providing opinions of cost, financial analyses, economic feasibility projections, and schedules for the PROJECT, the ENGINEER has no control over cost or price of labor and materials; unknown or latent conditions of existing equipment or structures that may affect operation or maintenance costs; competitive bidding procedures and market conditions; time or quality of performance by third parties; quality, type, management, or direction of operating personnel; and other economic and operational factors that may materially affect the ultimate PROJECT cost or schedule. Therefore, the ENGINEER makes no warranty that the CITY's actual PROJECT costs, financial aspects, economic feasibility, or schedules will not vary from the ENGINEER's opinions, analyses, projections, or estimates.

G. Construction Progress Payments

Recommendations by the ENGINEER to the CITY for periodic construction progress payments to the construction contractor will be based on the ENGINEER's knowledge, information, and belief from selective sampling and observation that the work has progressed to the point indicated. Such recommendations do not represent that continuous or detailed examinations have been made by the ENGINEER to ascertain that

the construction contractor has completed the work in exact accordance with the AGREEMENT Documents; that the final work will be acceptable in all respects; that the ENGINEER has made an examination to ascertain how or for what purpose the construction contractor has used the moneys paid; that title to any of the work, materials, or equipment has passed to the CITY free and clear of liens, claims, security interests, or encumbrances; or that there are not other matters at issue between the CITY and the construction contractor that affect the amount that should be paid.

H. Record Drawings

Record drawings, if required, will be prepared, in part, on the basis of information compiled and furnished by others, and may not always represent the exact location, type of various components, or exact manner in which the PROJECT was finally constructed. The ENGINEER is not responsible for any errors or omissions in the information from others that is incorporated into the record drawings.

I. Right to Audit

- (1) ENGINEER agrees that the CITY shall, until the expiration of five (5) years after final payment under this AGREEMENT, have access to and the right to examine and photocopy any directly pertinent books, documents, papers and records of the ENGINEER involving transactions relating to this AGREEMENT. ENGINEER agrees that the CITY shall have access during normal working hours to all necessary ENGINEER facilities and shall be provided adequate and appropriate work space in order to conduct audits in compliance with the provisions of this section. The CITY shall give ENGINEER reasonable advance notice of intended audits.
- (2) ENGINEER further agrees to include in all its subconsultant agreements hereunder a provision to the effect that the subconsultant agrees that the CITY shall, until the expiration of five (5) years after final payment under the subcontract, have access to and the right to examine and photocopy any directly pertinent books, documents, papers and records of such subconsultant, involving transactions to the subcontract, and further, that the CITY shall have access during normal working hours to all subconsultant facilities, and shall be provided adequate and appropriate work space, in order to conduct audits in compliance with the provisions of this section together with subsection (3) hereof. CITY shall give subconsultant reasonable advance notice of intended audits.
- (3) ENGINEER and subconsultant agree to photocopy such documents as may be requested by the CITY. The CITY agrees to reimburse ENGINEER for the cost of copies at the rate published in the Texas Administrative Code in effect as of the time copying is performed.

J. INSURANCE

(1) ENGINEER'S INSURANCE

- a. Commercial General Liability – the ENGINEER shall maintain commercial general liability (CGL) and, if necessary, commercial umbrella insurance with a limit of not less than \$1,000,000.00 per each occurrence with a \$2,000,000.00 aggregate. If such Commercial General Liability insurance contains a general aggregate limit, it shall apply separately to this PROJECT or location.
 - i. The CITY shall be included as an additional insured with all rights of defense under the CGL, using ISO additional insured endorsement or a substitute providing equivalent coverage, and under the commercial umbrella, if any. This insurance shall apply as primary insurance with respect to any other insurance or self-insurance programs afforded to the CITY. The Commercial General Liability insurance policy shall have no exclusions or endorsements that would alter or nullify: premises/operations, products/completed operations, contractual, personal injury, or advertising injury, which are normally contained within the policy, unless the CITY specifically approves such exclusions in writing.
 - ii. ENGINEER waives all rights against the CITY and its agents, officers, directors and employees for recovery of damages to the extent these damages are covered by the commercial general liability or commercial umbrella liability insurance maintained in accordance with this AGREEMENT.
- b. Business Auto – the ENGINEER shall maintain business auto liability and, if necessary, commercial umbrella liability insurance with a limit of not less than \$1,000,000 each accident. Such insurance shall cover liability arising out of “any auto”, including owned, hired, and non-owned autos, when said vehicle is used in the course of the PROJECT. If the engineer owns no vehicles, coverage for hired or non-owned is acceptable.
 - i. ENGINEER waives all rights against the CITY and its agents, officers, directors and employees for recovery of damages to the extent these damages are covered by the business auto liability or commercial umbrella liability insurance obtained by ENGINEER pursuant to this AGREEMENT or under any applicable auto physical damage coverage.
- c. Workers' Compensation – ENGINEER shall maintain workers

compensation and employers liability insurance and, if necessary, commercial umbrella liability insurance with a limit of not less than \$100,000.00 each accident for bodily injury by accident or \$100,000.00 each employee for bodily injury by disease, with \$500,000.00 policy limit.

- i. ENGINEER waives all rights against the CITY and its agents, officers, directors and employees for recovery of damages to the extent these damages are covered by workers compensation and employer's liability or commercial umbrella insurance obtained by ENGINEER pursuant to this AGREEMENT.
- d. Professional Liability – ENGINEER shall maintain professional liability, a claims-made policy, with a minimum of \$1,000,000.00 per claim and aggregate. The policy shall contain a retroactive date prior to the date of the AGREEMENT or the first date of services to be performed, whichever is earlier. Coverage shall be maintained for a period of 5 years following the completion of the AGREEMENT. An annual certificate of insurance specifically referencing this PROJECT shall be submitted to the CITY for each year following completion of the AGREEMENT.

(2) GENERAL INSURANCE REQUIREMENTS

- a. Certificates of insurance evidencing that the ENGINEER has obtained all required insurance shall be attached to this AGREEMENT prior to its execution.
- b. Applicable policies shall be endorsed to name the CITY an Additional Insured thereon, subject to any defense provided by the policy, as its interests may appear. The term CITY shall include its employees, officers, officials, agents, and volunteers as respects the contracted services.
- c. Certificate(s) of insurance shall document that insurance coverage specified in this AGREEMENT are provided under applicable policies documented thereon.
- d. Any failure on part of the CITY to attach the required insurance documentation hereto shall not constitute a waiver of the insurance requirements.
- e. A minimum of thirty (30) days notice of cancellation or material change in coverage shall be provided to the CITY. A ten (10) days notice shall be acceptable in the event of non-payment of premium. Notice shall be sent to the respective Department Director (by name), City of Denton, 901 Texas Street, Denton, Texas 76209.

- f. Insurers for all policies must be authorized to do business in the State of Texas and have a minimum rating of A:V or greater, in the current A.M. Best Key Rating Guide or have reasonably equivalent financial strength and solvency to the satisfaction of Risk Management.
- g. Any deductible or self insured retention in excess of \$25,000.00 that would change or alter the requirements herein is subject to approval by the CITY in writing, if coverage is not provided on a first-dollar basis. The CITY, at its sole discretion, may consent to alternative coverage maintained through insurance pools or risk retention groups. Dedicated financial resources or letters of credit may also be acceptable to the CITY.
- h. Applicable policies shall each be endorsed with a waiver of subrogation in favor of the CITY as respects the PROJECT.
- i. The CITY shall be entitled, upon its request and without incurring expense, to review the ENGINEER's insurance policies including endorsements thereto and, at the CITY's discretion; the ENGINEER may be required to provide proof of insurance premium payments.
- j. Lines of coverage, other than Professional Liability, underwritten on a claims-made basis, shall contain a retroactive date coincident with or prior to the date of the AGREEMENT. The certificate of insurance shall state both the retroactive date and that the coverage is claims-made.
- k. Coverages, whether written on an occurrence or claims-made basis, shall be maintained without interruption nor restrictive modification or changes from date of commencement of the PROJECT until final payment and termination of any coverage required to be maintained after final payments.
- l. The CITY shall not be responsible for the direct payment of any insurance premiums required by this AGREEMENT.
- m. Sub consultants and subcontractors to/of the ENGINEER shall be required by the ENGINEER to maintain the same or reasonably equivalent insurance coverage as required for the ENGINEER. When sub consultants/subcontractors maintain insurance coverage, ENGINEER shall provide CITY with documentation thereof on a certificate of insurance.

K. Independent Consultant

The ENGINEER agrees to perform all services as an independent consultant and not as a subcontractor, agent, or employee of the CITY. The doctrine of *respondeat superior* shall not apply.

L. Disclosure

The ENGINEER acknowledges to the CITY that it has made full disclosure in writing of any existing conflicts of interest or potential conflicts of interest, including personal financial interest, direct or indirect, in property abutting the proposed PROJECT and business relationships with abutting property cities. The ENGINEER further acknowledges that it will make disclosure in writing of any conflicts of interest that develop subsequent to the signing of this AGREEMENT and prior to final payment under the AGREEMENT.

M. Asbestos or Hazardous Substances

- (1) If asbestos or hazardous substances in any form are encountered or suspected, the ENGINEER will stop its own work in the affected portions of the PROJECT to permit testing and evaluation.
- (2) If asbestos or other hazardous substances are suspected, the CITY may request the ENGINEER to assist in obtaining the services of a qualified subcontractor to manage the remediation activities of the PROJECT.

N. Permitting Authorities - Design Changes

If permitting authorities require design changes so as to comply with published design criteria and/or current engineering practice standards which the ENGINEER should have been aware of at the time this AGREEMENT was executed, the ENGINEER shall revise plans and specifications, as required, at its own cost and expense. However, if design changes are required due to the changes in the permitting authorities' published design criteria and/or practice standards criteria which are published after the date of this AGREEMENT which the ENGINEER could not have been reasonably aware of, the ENGINEER shall notify the CITY of such changes and an adjustment in compensation will be made through an amendment to this AGREEMENT.

O. Schedule

ENGINEER shall manage the PROJECT in accordance with the schedule developed per Attachment D to this AGREEMENT.

P. Equal Opportunity

- (1) **Equal Employment Opportunity:** ENGINEER and ENGINEER's agents

shall engage in any discriminatory employment practice. No person shall, on the grounds of race, sex, sexual orientation, age, disability, creed, color, genetic testing, or national origin, be refused the benefits of, or be otherwise subjected to discrimination under any activities resulting from this AGREEMENT.

- (2) **Americans with Disabilities Act (ADA) Compliance:** ENGINEER and ENGINEER's agents shall not engage in any discriminatory employment practice against individuals with disabilities as defined in the ADA.

SECTION 5

Obligations of the City

Amendments to Section 5, if any, are included in Attachment C.

A. City-Furnished Data

ENGINEER may rely upon the accuracy, timeliness, and completeness of the information provided by the CITY.

B. Access to Facilities and Property

The CITY will make its facilities accessible to the ENGINEER as required for the ENGINEER's performance of its services. The CITY will perform, at no cost to the ENGINEER, such tests of equipment, machinery, pipelines, and other components of the CITY's facilities as may be required in connection with the ENGINEER's services. The CITY will be responsible for all acts of the CITY's personnel.

C. Advertisements, Permits, and Access

Unless otherwise agreed to in the Scope of Services, the CITY will obtain, arrange, and pay for all advertisements for bids; permits and licenses required by local, state, or federal authorities; and land, easements, rights-of-way, and access necessary for the ENGINEER's services or PROJECT construction.

D. Timely Review

The CITY will examine the ENGINEER's studies, reports, sketches, drawings, specifications, proposals, and other documents; obtain advice of an attorney, insurance counselor, accountant, auditor, bond and financial advisors, and other consultants as the CITY deems appropriate; and render in writing decisions required by the CITY in a timely manner in accordance with the PROJECT schedule prepared in accordance with Attachment D.

E. Prompt Notice

The CITY will give prompt written notice to the ENGINEER whenever CITY observes or becomes aware of any development that affects the scope or timing of the ENGINEER's services or of any defect in the work of the ENGINEER or construction contractors.

F. Asbestos or Hazardous Substances Release.

- (1) CITY acknowledges ENGINEER will perform part of the work at CITY's facilities that may contain hazardous materials, including asbestos containing materials, or conditions, and that ENGINEER had no prior role in the generation, treatment, storage, or disposition of such materials. In consideration of the associated risks that may give rise to claims by third parties or employees of City, City hereby releases ENGINEER from any damage or liability related to the presence of such materials.
- (2) The release required above shall not apply in the event the discharge, release or escape of hazardous substances, contaminants, or asbestos is a result of ENGINEER's negligence or if ENGINEER brings such hazardous substance, contaminant or asbestos onto the PROJECT.

G. Contractor Indemnification and Claims

The CITY agrees to include in all construction contracts the provisions of Article IV.E. regarding the ENGINEER's Personnel at Construction Site, and provisions providing for contractor indemnification of the CITY and the ENGINEER for contractor's negligence.

H. Contractor Claims and Third-Party Beneficiaries

- (1) The CITY agrees to include the following clause in all contracts with construction contractors and equipment or materials suppliers:

"Contractors, subcontractors and equipment and materials suppliers on the PROJECT, or their sureties, shall maintain no direct action against the ENGINEER, its officers, employees, and subcontractors, for any claim arising out of, in connection with, or resulting from the engineering services performed. Only the CITY will be the beneficiary of any undertaking by the ENGINEER."
- (2) This AGREEMENT gives no rights or benefits to anyone other than the CITY and the ENGINEER and there are no third-party beneficiaries.
- (3) The CITY will include in each agreement it enters into with any other entity or person regarding the PROJECT a provision that such entity or person shall have no third-party beneficiary rights under this AGREEMENT.
- (4) Nothing contained in this Section H. shall be construed as a waiver of any right

the CITY has to bring a claim against ENGINEER.

I. CITY's Insurance

- (1) The CITY may maintain property insurance on certain pre-existing structures associated with the PROJECT.
- (2) The CITY may secure Builders Risk/Installation insurance at the replacement cost value of the PROJECT. The CITY may provide ENGINEER a copy of the policy or documentation of such on a certificate of insurance.

J. Litigation Assistance

The Scope of Services does not include costs of the ENGINEER for required or requested assistance to support, prepare, document, bring, defend, or assist in litigation undertaken or defended by the CITY. In the event CITY requests such services of the ENGINEER, this AGREEMENT shall be amended or a separate agreement will be negotiated between the parties.

K. Changes

The CITY may make or approve changes within the general Scope of Services in this AGREEMENT. If such changes affect the ENGINEER's cost of or time required for performance of the services, an equitable adjustment will be made through an amendment to this AGREEMENT with appropriate CITY approval.

SECTION 6 **General Legal Provisions**

Amendments to Section 6, if any, are included in Attachment C.

A. Authorization to Proceed

ENGINEER shall be authorized to proceed with this AGREEMENT upon receipt of a written Notice to Proceed from the CITY.

B. Reuse of Project Documents

All designs, drawings, specifications, documents, and other work products of the ENGINEER, whether in hard copy or in electronic form, are instruments of service for this PROJECT, whether the PROJECT is completed or not. Reuse, change, or alteration by the CITY or by others acting through or on behalf of the CITY of any such instruments of service without the written permission of the ENGINEER will be at the CITY's sole risk. The CITY shall own the final designs, drawings, specifications and documents.

C. Force Majeure

The ENGINEER is not responsible for damages or delay in performance caused by acts of God, strikes, lockouts, accidents, or other events beyond the control of the ENGINEER that prevent ENGINEER's performance of its obligations hereunder.

D. Termination

(1) This AGREEMENT may be terminated:

- a. by the City for its convenience upon 30 days' written notice to ENGINEER.
- b. by either the CITY or the ENGINEER for cause if either party fails substantially to perform through no fault of the other and the nonperforming party does not commence correction of such nonperformance within 5 days' written notice or thereafter fails to diligently complete the correction.

(2) If this AGREEMENT is terminated for the convenience of the City, the ENGINEER will be paid for termination expenses as follows:

- a. Cost of reproduction of partial or complete studies, plans, specifications or other forms of ENGINEER'S work product;
- b. Out-of-pocket expenses for purchasing electronic data files and other data storage supplies or services;
- c. The time requirements for the ENGINEER'S personnel to document the work underway at the time of the CITY'S termination for convenience so that the work effort is suitable for long time storage.

(3) Prior to proceeding with termination services, the ENGINEER will submit to the CITY an itemized statement of all termination expenses. The CITY'S approval will be obtained in writing prior to proceeding with termination services.

E. Suspension, Delay, or Interruption to Work

The CITY may suspend, delay, or interrupt the services of the ENGINEER for the convenience of the CITY. In the event of such suspension, delay, or interruption, an equitable adjustment in the PROJECT's schedule, commitment and cost of the ENGINEER's personnel and subcontractors, and ENGINEER's compensation will be made.

F. Indemnification

IN ACCORDANCE WITH TEXAS LOCAL GOVERNMENT CODE SECTION 271.904, THE ENGINEER SHALL INDEMNIFY OR HOLD HARMLESS THE CITY AGAINST LIABILITY FOR ANY DAMAGE COMMITTED BY THE ENGINEER OR ENGINEER'S AGENT, CONSULTANT UNDER CONTRACT, OR ANOTHER ENTITY OVER WHICH THE ENGINEER EXERCISES CONTROL TO THE EXTENT THAT THE DAMAGE IS CAUSED BY OR RESULTING FROM AN ACT OF NEGLIGENCE, INTENTIONAL TORT, INTELLECTUAL PROPERTY INFRINGEMENT, OR FAILURE TO PAY A SUBCONTRACTOR OR SUPPLIER. CITY IS ENTITLED TO RECOVER ITS REASONABLE ATTORNEY'S FEES IN PROPORTION TO THE ENGINEER'S LIABILITY.

G. Assignment

Neither party shall assign all or any part of this AGREEMENT without the prior written consent of the other party.

H. Jurisdiction

The law of the State of Texas shall govern the validity of this AGREEMENT, its interpretation and performance, and any other claims related to it. The venue for any litigation related to this AGREEMENT shall be Denton County, Texas.

I. Severability and Survival

If any of the provisions contained in this AGREEMENT are held for any reason to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability will not affect any other provision, and this AGREEMENT shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein. Sections 5.F., 6.B., 6.D., 6.F., 6.H., and 6.I. shall survive termination of this AGREEMENT for any cause.

J. Observe and Comply

ENGINEER shall at all times observe and comply with all federal and State laws and regulations and with all City ordinances and regulations which in any way affect this AGREEMENT and the work hereunder, and shall observe and comply with all orders, laws ordinances and regulations which may exist or may be enacted later by governing bodies having jurisdiction or authority for such enactment. No plea of misunderstanding or ignorance thereof shall be considered. **ENGINEER AGREES TO DEFEND, INDEMNIFY AND HOLD HARMLESS CITY AND ALL OF ITS OFFICERS, AGENTS AND EMPLOYEES FROM AND AGAINST ALL CLAIMS OR LIABILITY ARISING OUT OF THE VIOLATION OF ANY SUCH ORDER, LAW, ORDINANCE, OR REGULATION, WHETHER IT BE BY ITSELF OR ITS EMPLOYEES.**

K. Immigration Nationality Act

ENGINEER shall verify the identity and employment eligibility of its employees who perform work under this AGREEMENT, including completing the Employment Eligibility Verification Form (I-9). Upon request by CITY, ENGINEER shall provide CITY with copies of all I-9 forms and supporting eligibility documentation for each employee who performs work under this AGREEMENT. ENGINEER shall adhere to all Federal and State laws as well as establish appropriate procedures and controls so that no services will be performed by any ENGINEER employee who is not legally eligible to perform such services. **ENGINEER SHALL INDEMNIFY CITY AND HOLD CITY HARMLESS FROM ANY PENALTIES, LIABILITIES, OR LOSSES DUE TO VIOLATIONS OF THIS PARAGRAPH BY ENGINEER, ENGINEER'S EMPLOYEES, SUBCONTRACTORS, AGENTS, OR LICENSEES.** CITY, upon written notice to ENGINEER, shall have the right to immediately terminate this AGREEMENT for violations of this provision by ENGINEER.

L. Prohibition On Contracts With Companies Boycotting Israel

ENGINEER acknowledges that in accordance with Chapter 2270 of the Texas Government Code, CITY is prohibited from entering into a contract with a company for goods or services unless the contract contains a written verification from the company that it: (1) does not boycott Israel; and (2) will not boycott Israel during the term of the contract. The terms "boycott Israel" and "company" shall have the meanings ascribed to those terms in Section 808.001 of the Texas Government Code. ***By signing this AGREEMENT, ENGINEER certifies that ENGINEER'S signature provides written verification to the CITY that ENGINEER: (1) does not boycott Israel; and (2) will not boycott Israel during the term of the AGREEMENT.*** Failure to meet or maintain the requirements under this provision will be considered a material breach.

M. Prohibition On Contracts With Companies Doing Business with Iran, Sudan, or a Foreign Terrorist Organization

Section 2252 of the Texas Government Code restricts CITY from contracting with companies that do business with Iran, Sudan, or a foreign terrorist organization. ***By signing this AGREEMENT, ENGINEER certifies that ENGINEER'S signature provides written verification to the CITY that ENGINEER, pursuant to Chapter 2252, is not ineligible to enter into this AGREEMENT and will not become ineligible to receive payments under this AGREEMENT by doing business with Iran, Sudan, or a foreign terrorist organization.*** Failure to meet or maintain the requirements under this provision will be considered a material breach.

N. Certificate of Interested Parties Electronic Filing

In 2015, the Texas Legislature adopted House Bill 1295, which added section 2252.908 of the Government Code. The law states that the City may not enter into this contract

unless the Contractor submits a disclosure of interested parties (Form 1295) to the City at the time the Contractor submits the signed contract. The Texas Ethics Commission has adopted rules requiring the business entity to file Form 1295 electronically with the Commission.

Contractor will be required to furnish a Certificate of Interest Parties before the contract is awarded, in accordance with Government Code 2252.908.

The contractor shall:

1. Log onto the State Ethics Commission Website at :
https://www.ethics.state.tx.us/whatsnew/elf_info_form1295.htm
2. Register utilizing the tutorial provided by the State
3. Print a copy of the completed Form 1295
4. Enter the Certificate Number on page 2 of this contract.
5. Complete and sign the Form 1295
6. Email the form to purchasing@cityofdenton.com with the contract number in the subject line. (EX: Contract 1234 – Form 1295)

The City must acknowledge the receipt of the filed Form 1295 not later than the 30th day after Council award. Once a Form 1295 is acknowledged, it will be posted to the Texas Ethics Commission's website within seven business days.

O. PROHIBITION AGAINST PERSONAL INTEREST IN CONTRACTS

No officer, employee, independent consultant, or elected official of the City who is involved in the development, evaluation, or decision-making process of the performance of any solicitation shall have a financial interest, direct or indirect, in the Contract resulting from that solicitation as defined in the City's Ethic Ordinance 18-757 and in the City Charter chapter 2 article XI(Ethics). Any willful violation of this section shall constitute impropriety in office, and any officer or employee guilty thereof shall be subject to disciplinary action up to and including dismissal. Any violation of this provision, with the knowledge, expressed or implied, of the Contractor shall render the Contract voidable by the City. The Contractor shall complete and submit the City's Conflict of Interest Questionnaire.

P. Agreement Documents

This AGREEMENT, including its attachments and schedules, constitutes the entire AGREEMENT, which supersedes all prior written or oral understandings, and may only be changed by a written amendment executed by both parties. This AGREEMENT may be executed in one or more counterparts and each counterpart shall, for all purposes, be deemed an original, but all such counterparts shall together constitute but one and the same instrument. The following attachments and schedules are hereby made a part of this AGREEMENT:

Attachment A - Scope of Services
Attachment B - Compensation
Attachment C - Amendments to Standard Agreement for Engineering Services
Attachment D - Project Schedule
Attachment E - Location Map

These documents make up the AGREEMENT documents and what is called for by one shall be as binding as if called for by all. In the event of an inconsistency or conflict in any of the provisions of the AGREEMENT documents, the inconsistency or conflict shall be resolved by giving precedence first to the written AGREEMENT then to the AGREEMENT documents in the order in which they are listed above.

Duly executed by each party's designated representative to be effective on the date subscribed by the City Manager.

ATTACHMENT "A"

RYAN ROAD CORRIDOR IMPROVEMENTS

Scope of Services

PROJECT UNDERSTANDING

The Scope of Services consists of conceptual design (30%) of corridor improvements along Ryan Road from Country Club Road to Teasley Lane. Ryan road will be widened from a two lane section to three lane undivided roadway section. The existing drainage crossings and ditches will be improved. Sidewalk and street lighting improvements will be included.

SCOPE OF SERVICES

The ENGINEER will perform its services pursuant to the requirements delineated with ATTACHMENT "A". Services under this attachment include the following tasks:

- Task 1 – Project Management
- Task 2 – Data Collection
- Task 3 – Conceptual Design (30%)
- Task 4 – Right-of-Way and Easement Documentation

Task 1 Project Management

Task 1.1 Monthly Status Reports, Invoicing, and Team Coordination

The ENGINEER will provide monthly invoices and status reports.

Task 1.2 Design Meetings with City Staff

The ENGINEER will conduct and document up to four (4) design meetings with the CITY and other key stakeholders. A scoping meeting, kickoff Meeting and up to two design coordination meetings. During these meetings, the design team will discuss design elements, challenges, and make decisions regarding design elements for the proposed conceptual design options.

Deliverables:

- Monthly invoices and status reports.
- Meeting agendas and meeting notes

Assumptions:

City of Denton, Texas
Standard Agreement for Engineering Related Design Services
Revised Date: 9/6/18
Page 18 of 25

- It is assumed the project will last 6 months. If the contract duration is longer than 6 months, additional project management will be considered additional services.

Task 2 Data Collection

Task 2.1 Data Collection and Analysis

The ENGINEER will collect data to develop a base map, this information will be utilized to analyze existing constraints and issues for the development of the conceptual design. The following elements will be used to develop the base map.

- 2.1.1 Aerial Photography – The ENGINEER will collect aerial photography for the project corridor from NearMaps and/or available aerial photos from the CITY.
- 2.1.2 Available Record Drawing Research – The ENGINEER will collect any available record drawings from the CITY within the project limits.
- 2.1.3 Available CITY GIS utility information – The ENGINEER will utilize the CITY's online GIS information to compile utility information for the study area.
- 2.1.4 Field Observation – The ENGINEER will conduct up to one (1) site visit to visually document the existing conditions.
- 2.1.5 Topographic and Boundary Survey collected in Task 2.2.1
- 2.1.6 Subsurface Utility Exploration Level B collected in Task 2.4.1.

Task 2.2 Topographic and Boundary Survey

- 2.2.1 The ENGINEER will prepare a topographic survey and right-of-way determination to be used for civil engineering design purposes. The topographic survey is to be used in-house and will not be issued as a stand-alone survey document.
 - The limits of survey will be approximately 100' wide from the (up to existing residential fencing) along Ryan Road from Country Club Road to 170' east of Overlake Drive.
 - The survey will consist of: the location of the right-of-way lines and adjoining property lines with existing easements readily available in the public record (this does not include an abstract of title); elevations; contour lines representing the surface of the existing ground at one foot intervals based on a survey grid system and tied to existing control points; observed (only if clearly visible from the surface) locations of existing water, sewer, storm drain, franchise utility facility appurtenances, trees, shrubs, and flowerbeds; pavement, sidewalk, and other visible corridor improvements, and benchmarks established with the survey.

Task 2.3 Geotechnical Analysis

- 2.3.1 The ENGINEER will utilize a subconsultant to perform geotechnical analysis to determine an asphalt pavement recommendation and soil information for the design of headwalls at up to seven (7) culvert crossing locations.

Task 2.4 Subsurface Utility Engineering (SUE)

2.4.1 Level B Subsurface Utility Exploration

The ENGINEER will, via a sub-consultant, expose certain utilities using SUE methods and collect survey data on their exposed location. This information will be used during civil engineering design. SUE quality level B is described as follows:

- Quality Level B. QL-B involves the application of appropriate surface geophysical methods to determine the existence and horizontal position of virtually all utilities within the project limits. This activity is called "designating". The information obtained in this manner is surveyed to project control. It addresses problems caused by inaccurate utility records, abandoned or unrecorded facilities, and lost references.
- SUE fee is based on an average of 5 underground utilities for roughly 9,700 linear feet. If there are additional utility lines, or we need to obtain more than 9,700 LF for each utility, additional fee may be needed. Additional Level B SUE will be considered additional services.

Task 3 Conceptual Design (30%)

Task 3.1 Conceptual Design (30%)

3.1.1 Conceptual Corridor Improvement Alternatives

- Prepare up to five (5) corridor improvement alternatives for the City's consideration for Ryan Road Corridor.
- Prepare opinion of probable construction cost for each of the alternative.

3.1.2 Roadway Improvements: Upon the City's preferred corridor improvement alternative, the ENGINEER will prepare conceptual roadway plans. The ENGINEER will prepare a schematic design of Ryan Road that will include the following:

- Country Club Road Intersection: The intersection will remain as is.
- Asphalt Widening: Widen Ryan Road from a 2-lane asphalt roadway to a 3 lane-asphalt roadway (2 through lanes and a center two-way left-turn lane) on the south side of the street from Country Club Road to Commodore Court.
- Concrete Widening with Curb and Gutter: Widen Ryan Road between Roxbury Street to east of Overlake Drive to a 3 lane-concrete roadway (approximately 810 linear feet).
- Re-Stripe: The existing concrete section between east of Commodore Court and east of Roxbury Street will be re-striped. (approximately 650 linear feet)
- Teasley Lane Intersection: The concrete section from east of Overlake Drive to Teasley lane as well as the intersection at Teasley Lane will remain as is.

The ENGINEER will not submit plans to TxDOT for review. The ENGINEER will not perform any coordination or meet with TxDOT. Any services associated with TxDOT will be considered additional services.

3.1.3 Drainage Improvements:

- Drainage Area Maps: Existing and proposed condition drainage area maps will be created based on available data from Task 2.
- Drainage ditches: Existing ditches on the south side of Ryan Road will be evaluated to maximize the design year that can be accommodated within the existing right-of-way. Up to two (2) options will be evaluated.
- Culvert crossings: Up to seven (7) existing culvert crossings will be evaluated and downstream assessments performed. Each crossing will be preliminary designed to accommodate the 100-year storm event. If the downstream will experience adverse impacts the ENGINEER will report to the City.
- Internal Storm System: An internal storm system will be designed for the concrete widening with curb and gutter portion of Ryan Road.

3.1.4 Sidewalk: Sidewalk will be proposed to provide a continuous route along the south side of Ryan Road from Country Club Road to Teasley Lane. Existing sidewalk will be utilized where possible. Additional pedestrian crossings will be evaluated at up to three (3) locations.

3.1.5 Illumination: A photometric analysis for will be completed in accordance with City of Denton requirements. The photometric analysis will consist of the following items:

- Modeling site fixtures to meet roadway and intersection illumination level requirements.
- Illuminance calculations in accordance with City of Denton requirements.
- Photometric Analysis Exhibit documenting the findings.

3.1.6 Opinion of Probable Cost (OPCC):

- Based on the OPCC prepared by the ENGINEER, the corridor improvements may be reduced or bid alternatives added in order to fit within the City's budget. The ENGINEER has no control over the cost of labor, materials, equipment, or over the Contractor's methods of determining prices or over competitive bidding or market conditions. Opinions of probable costs provided are based on the information known at the time the costs were prepared and represent only the ENGINEER's judgment as a design professional familiar with the construction industry. The ENGINEER cannot and does not guarantee that proposals, bids, or actual construction costs will not vary from its opinions of probable costs.

Deliverables: The following deliverables will be submitted via electronic PDF. Up to three (3) full size hard copy versions can be provided at the request of the CITY.

- Conceptual Schematic:

- Existing and proposed typical sections
- Proposed horizontal geometry including: right-of-way, easements, asphalt widening geometry, proposed sidewalk, curb ramps (if necessary), driveways, side streets, pavement markings, illumination poles, ground boxes, and conduits, ditch flowlines, culvert crossing, driveway culverts, internal storm drain pipe, drop inlets, and curb inlets.

- Existing and proposed ground contours at one-foot intervals.
 - Existing horizontal geometry including: right-of-way, easements, utilities, roadway pavement, driveways, side streets, storm drain features, and culvert crossings, and proposed ditches.
- Cross Sections:
 - Cross sections will be developed for all areas to be widened at 100-foot increments.
- Existing Drainage Area Maps
- Opinion of Probable Construction Cost (OPCC)

Assumptions: Following the review of the conceptual design (30%) submittal, the ENGINEER will respond to one (1) round of comments for resubmittal.

Task 4 Right-of-Way and Easement Documentation

The ENGINEER will prepare a metes and bounds description and sketch showing the location and dimensions for proposed easements and or right-of-way dedications. Right-of-way dedication and or easement language will either be the unaltered standard language provided by the local jurisdiction, or as agreed to by the Grantor and Grantee and provided complete to the ENGINEER. The CITY will file the documents.

The ENGINEER will prepare up to ten (10) right-of-way or easement documents for the CITY. Additional documents will be considered additional services.

Deliverables: Electronic PDF copies of the right-of-way or easement documents.

ADDITIONAL SERVICES

The following additional services are not anticipated as part of this Scope of Services agreement, however, can be provided if deemed necessary during the project development process. The ENGINEER will not provide the additional services listed below without the written consent and approval of the CITY.

- Additional Meetings.
- TxDOT submittals, reviews, meetings, and permits will be considered additional services.
- Preparing right-of-way or easement documentation.
- Preliminary and Final Design beyond what is listed in the scope of services.
- Bidding and Construction Phase Services.
- The attendance or preparation of materials for Public Meetings.
- Attending or preparing any materials for more than one (1) city council meetings.
- Traffic Control Plan design.
- Modeling or formal submittals to FEMA.
- Storm drain modeling and design beyond what is listed in the scope of services.
- Design of franchise utility relocations.
- Design of CITY utility relocations beyond what is listed in the scope of services.
- Illumination design beyond what is listed in the scope of services.
- Architectural or 3D renderings.
- Preparation of the contractor's SWPPP.
- Services related to warranty claims, enforcement and inspection after final completion;
- Assist the CITY as an expert witness in litigation in connection with the project or in hearings before approving and regulatory agencies;
- Redesign to reflect project scope changes requested by the CITY, required to address changed conditions or change in direction previously approved by the CITY, mandated by changing governmental laws, or necessitated by the CITY's acceptance of substitutions proposed by the contractor; and
- Any services not listed above.

ATTACHMENT "B"

RYAN ROAD CORRIDOR IMPROVEMENTS

Compensation

Total compensation for the ENGINEER contemplated under the terms of this agreement shall be a total not-to-exceed \$461,100 for all services including reimbursable expenses. The CITY shall compensate the ENGINEER as follows:

BASIC SERVICES

For Basic Services Tasks 1-5 the total compensation shall be on a reimbursable (hourly) basis and not to exceed \$461,100.

Progress payments for Basic Services shall be paid monthly based on the actual work satisfactorily completed per month in each phase, with the following amounts of the total compensation for the Basic Services for each phase of the Project:

• Task 1 – Project Management	\$ 10,400
• Task 2 – Data Collection	
○ Task 2.1 – Base Mapping	\$ 18,800
○ Task 2.2 – Topographic Survey	\$ 78,600
○ Task 2.3 – Geotechnical Analysis (Specialty Service)	\$ 28,600
○ Task 2.4 – SUE Level B (Specialty Service)	\$ 97,900
• Task 3 – Conceptual Design (30% Submittal)	\$197,100
• Task 4 – Right-of-Way Documentation	\$ 27,500
• Task 5 – Reimbursable Expenses	\$ 2,200
Total	\$461,100

ENGINEER will not exceed the total maximum labor fee shown without authorization from the CITY. Individual task amounts are provided for budgeting purposes only. ENGINEER reserves the right to reallocate amounts among tasks as necessary.

Labor fee will be billed on an hourly basis according to our then-current rates. As to these tasks, direct reimbursable expenses such as express delivery services, fees, air travel, and other direct expenses will be billed at 1.10 times cost. A percentage of labor fee will be added to each invoice to cover certain other expenses as to these tasks such as telecommunications, in-house reproduction, postage, supplies, project related computer time, and local mileage. Administrative time related to the project may be billed hourly. All permitting, application, and similar project fees will be paid directly by the CITY.

Payment will be due within 25 days of your receipt of the invoice and should include the invoice number and Kimley-Horn project number.

EXTRA SERVICES

Any services not specifically provided for in the above scope and authorized by the CITY, will be billed as additional services and performed at our then current hourly rates.

Exhibit CIQ

CONFLICT OF INTEREST QUESTIONNAIRE - FORM CIQ

For vendor or other person doing business with local governmental entity

This questionnaire reflects changes made to the law by H.B. 23, 84th Leg., Regular Session.

This questionnaire is being filed in accordance with Chapter 176, Local Government Code, by a vendor who has a business relationship as defined by Section 176.001(1-a) with a local governmental entity and the vendor meets requirements under Section 176.006(a).

By law this questionnaire must be filed with the records administrator of the local government entity not later than the 7th business day after the date the vendor becomes aware of facts that require the statement to be filed. See Section 176.006(a-1), Local Government Code.

A vendor commits an offense if the vendor knowingly violates Section 176.006, Local Government Code. An offense under this section is a misdemeanor.

1 Name of vendor who has a business relationship with local governmental entity. Kimley-Horn and Associates, Inc

2 ☐ Check this box if you are filing an update to a previously filed questionnaire.

(The law requires that you file an updated completed questionnaire with the appropriate filing authority not later than the 7th business day after the date on which you became aware that the originally filed questionnaire was incomplete or inaccurate.)

3 Name of local government officer about whom the information in this section is being disclosed.

Name of Officer

This section, (item 3 including subparts A, B, C & D), must be completed for each officer with whom the vendor has an employment or other business relationship as defined by Section 176.001(1-a), Local Government Code. Attach additional pages to this Form CIQ as necessary.

A. Is the local government officer named in this section receiving or likely to receive taxable income, other than investment income, from the vendor?

☐

Yes

☒

No

B. Is the vendor receiving or likely to receive taxable income, other than investment income, from or at the direction of the local government officer named in this section AND the taxable income is not received from the local governmental entity?

☐

Yes

☒

No

C. Is the filer of this questionnaire employed by a corporation or other business entity with respect to which the local government officer serves as an officer or director, or holds an ownership of one percent or more?

☐

Yes

☒

No

D. Describe each employment or business and family relationship with the local government officer named in this section.

4 ☒ I have no Conflict of Interest to disclose.

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Denton (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through your DocuSign, Inc. (DocuSign) Express user account. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to these terms and conditions, please confirm your agreement by clicking the 'I agree' button at the bottom of this document.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. For such copies, as long as you are an authorized user of the DocuSign system you will have the ability to download and print any documents we send to you through your DocuSign user account for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. To indicate to us that you are changing your mind, you must withdraw your consent using the DocuSign 'Withdraw Consent' form on the signing page of your DocuSign account. This will indicate to us that you have withdrawn your consent to receive required notices and disclosures electronically from us and you will no longer be able to use your DocuSign Express user account to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through your DocuSign user account all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Denton:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:

To contact us by email send messages to: purchasing@cityofdenton.com

To advise City of Denton of your new e-mail address

To let us know of a change in your e-mail address where we should send notices and disclosures electronically to you, you must send an email message to us at melissa.kraft@cityofdenton.com and in the body of such request you must state: your previous e-mail address, your new e-mail address. We do not require any other information from you to change your email address..

In addition, you must notify DocuSign, Inc to arrange for your new email address to be reflected in your DocuSign account by following the process for changing e-mail in DocuSign.

To request paper copies from City of Denton

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an e-mail to purchasing@cityofdenton.com and in the body of such request you must state your e-mail address, full name, US Postal address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Denton

To inform us that you no longer want to receive future notices and disclosures in electronic format you may:

- i. decline to sign a document from within your DocuSign account, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;
- ii. send us an e-mail to purchasing@cityofdenton.com and in the body of such request you must state your e-mail, full name, US Postal Address, telephone number, and account number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

Operating Systems:	Windows2000? or WindowsXP?
Browsers (for SENDERS):	Internet Explorer 6.0? or above
Browsers (for SIGNERS):	Internet Explorer 6.0?, Mozilla FireFox 1.0, NetScape 7.2 (or above)
Email:	Access to a valid email account
Screen Resolution:	800 x 600 minimum
Enabled Security Settings:	•Allow per session cookies •Users accessing the internet behind a Proxy Server must enable HTTP 1.1 settings via proxy connection

** These minimum requirements are subject to change. If these requirements change, we will provide you with an email message at the email address we have on file for you at that time providing you with the revised hardware and software requirements, at which time you will have the right to withdraw your consent.

Acknowledging your access and consent to receive materials electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please verify that you were able to read this electronic disclosure and that you also were able to print on paper or electronically save this page for your future reference and access or that you were able to e-mail this disclosure and consent to an address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format on the terms and conditions described above, please let us know by clicking the 'I agree' button below.

By checking the 'I Agree' box, I confirm that:

- I can access and read this Electronic CONSENT TO ELECTRONIC RECEIPT OF ELECTRONIC RECORD AND SIGNATURE DISCLOSURES document; and
- I can print on paper the disclosure or save or send the disclosure to a place where I can print it, for future reference and access; and
- Until or unless I notify City of Denton as described above, I consent to receive from exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to me by City of Denton during the course of my relationship with you.

ORDINANCE NO. 24-1342

AN ORDINANCE OF THE CITY OF DENTON, A TEXAS HOME-RULE MUNICIPAL CORPORATION, AUTHORIZING THE APPROVAL OF A FIRST AMENDMENT TO A PROFESSIONAL SERVICES AGREEMENT BETWEEN THE CITY OF DENTON AND KIMLEY-HORN AND ASSOCIATES, INC., AMENDING THE CONTRACT APPROVED BY CITY COUNCIL ON FEBRUARY 23, 2021, IN THE NOT-TO-EXCEED AMOUNT OF \$461,100.00; SAID FIRST AMENDMENT TO PROVIDE DESIGN SERVICES FOR THE RYAN ROAD WIDENING PROJECT FOR THE CAPITAL PROJECTS DEPARTMENT; PROVIDING FOR THE EXPENDITURE OF FUNDS THEREFOR; AND PROVIDING AN EFFECTIVE DATE (RFQ 6590-097 - PROVIDING FOR AN ADDITIONAL FIRST AMENDMENT EXPENDITURE AMOUNT NOT-TO-EXCEED \$1,238,265.15, FOR A TOTAL CONTRACT AMOUNT NOT-TO-EXCEED \$1,699,365.15).

WHEREAS, on February 23, 2021, City Council awarded a contract to Kimley-Horn and Associates, Inc. in the amount of \$461,100.00, for professional engineering services for the Ryan Road Corridor Improvements Project for the Capital Projects Department; and

WHEREAS, this procurement was undertaken as part of the City's governmental function; and

WHEREAS, the additional fees under the proposed First Amendment are fair and reasonable and are consistent with, and not higher than, the recommended practices and fees applicable to the Provider's profession, and such fees do not exceed the maximum provided by law; NOW, THEREFORE,

THE COUNCIL OF THE CITY OF DENTON HEREBY ORDAINS:

SECTION 1. The First Amendment, increasing the amount of the contract between the City and Kimley-Horn and Associates, Inc., which is on file in the office of the Purchasing Agent, in the amount of One Million Two Hundred Thirty-Eight Thousand Two Hundred Sixty-Five and 0/100 (\$1,238,265.15) Dollars, is hereby approved, and the expenditure of funds therefor is hereby authorized in accordance with said amendment which shall be effective upon the execution of the amendment attached hereto. The total contract amount increases to \$1,699,365.15.

SECTION 2. This ordinance shall become effective immediately upon its passage and approval.

The motion to approve this ordinance was made by Jill Jester and seconded by Joe Holland. This ordinance was passed and approved by the following vote [6 - 0]:

	Aye	Nay	Abstain	Absent
Mayor Gerard Hudspeth:	<u>✓</u>	<u> </u>	<u> </u>	<u> </u>
Vicki Byrd, District 1:	<u>✓</u>	<u> </u>	<u> </u>	<u> </u>
Brian Beck, District 2:	<u> </u>	<u> </u>	<u> </u>	<u>✓</u>
Paul Meltzer, District 3:	<u>✓</u>	<u> </u>	<u> </u>	<u> </u>
Joe Holland, District 4:	<u>✓</u>	<u> </u>	<u> </u>	<u> </u>
Brandon Chase McGee, At Large Place 5:	<u>✓</u>	<u> </u>	<u> </u>	<u> </u>
Jill Jester, At Large Place 6:	<u>✓</u>	<u> </u>	<u> </u>	<u> </u>

PASSED AND APPROVED this the 16th day of July, 2024.

GERARD HUDSPETH, MAYOR

Ordinance	24-1342

**FIRST AMENDMENT TO CONTRACT
BY AND BETWEEN THE CITY OF DENTON, TEXAS
AND KIMLEY-HORN AND ASSOCIATES, INC
PSA 6590-097**

THE STATE OF TEXAS §

COUNTY OF DENTON §

THIS FIRST AMENDMENT TO CONTRACT 6590-097 (“Amendment”) by and between the City of Denton, Texas (“City”) and Kimley-Horn and Associates, Inc. (“Engineer”); to that certain contract executed on February 23, 2021, in the original not-to-exceed amount of \$461,100 (the “Agreement”); for services related to Ryan Road Corridor Improvements.

WHEREAS, the City deems it necessary to further expand the services provided by Engineer to the City pursuant to the terms of the Agreement, and to provide an additional not-to-exceed amount \$1,238,265.15 with this Amendment for an aggregate not-to-exceed amount of \$1,699,365,15; and

FURTHERMORE, the City deems it necessary to further expand the goods/services provided by Engineer to the City;

NOW THEREFORE, the City and Engineer (hereafter collectively referred to as the “Parties”), in consideration of their mutual promises and covenants, as well as for other good and valuable considerations, do hereby AGREE to the following Amendment, which amends the following terms and conditions of the said Agreement, to wit:

1. The additional services described in Exhibit “A” of this Amendment, attached hereto and incorporated herein for all purposes, for professional services related to Ryan Road Design, are hereby authorized to be performed by Engineer. For and in consideration of the additional services to be performed by Engineer, the City agrees to pay, based on the cost estimate detail attached as Exhibit “A” a total fee, including reimbursement for non-labor expenses an amount not to exceed \$1,238,265.15.
2. This Amendment modifies the Agreement amount to provide an additional \$1,238,265.15 for the additional services with a revised aggregate not to exceed total of \$1,699,365,15.

The Parties hereto agree, that except as specifically provided for by this Amendment, that all of the terms, covenants, conditions, agreements, rights, responsibilities, and obligations of the Parties, set forth in the Agreement remain in full force and effect.

IN WITNESS WHEREOF, the City and the Engineer, have each executed this Amendment electronically, by and through their respective duly authorized representatives and officers on this date 07/16/2024.

EXHIBIT A**AMENDMENT NO. 1 TO PROFESSIONAL SERVICES AGREEMENT
ADDITIONAL SERVICES****Professional Services Agreement:
RYAN ROAD CORRIDOR IMPROVEMENTS
Amendment Scope of Services**

This is Amendment number 1 dated 07/16/2024 to the agreement between **City of Denton** ("CITY") and Kimley-Horn and Associates, Inc. ("ENGINEER") dated **February 23, 2021** ("the Agreement") concerning **Ryan Road Corridor Improvements** (the "Project").

The ENGINEER has entered into the AGREEMENT with CITY for the furnishing of professional services, and the parties now desire to amend the Agreement.

The AGREEMENT is amended to include services to be performed by ENGINEER for compensation as set forth below in accordance with the terms of the ENGINEER, which are incorporated by reference.

A. Scope of Services

The CITY has requested that the services currently authorized to be performed by the ENGINEER in accordance with the original Agreement be modified. The CITY has requested that the ENGINEER perform additional services consisting of:

- Additional data collection
- Preliminary and final design for roadway, utilities, drainage, and illumination
- Bidding and construction phase services

Task 1 Project Management**Task 1.1 Monthly Status Reports, Invoicing, and Team Coordination**

The ENGINEER will provide monthly invoices and status reports.

Task 1.2 Design Meetings with City Staff

The ENGINEER will conduct and document monthly coordination meetings with the project team and other key stakeholders. During these meetings, the design team will discuss design elements, challenges, and make decisions regarding any proposed design options.

Task 1.3 Permitting

The CITY will be responsible for administration of all permits. The ENGINEER will provide exhibits and information necessary for permit approval. The ENGINEER understands the following permits will be required:

- TxDOT Utility Installation Request (UIR)/RULIS Permit
- Canadian Pacific Kansas City (CPKC) Rail Crossing Permit

EXHIBIT A**Task 1.4 Franchise Utility Coordination**

The ENGINEER will coordinate with franchise utility companies within the project area to obtain existing line maps, determine potential conflicts, and provide conflict information to the CITY for further coordination. The ENGINEER will assist the CITY in review of any franchise utility relocation plans. Up to sixty (60) hours will be spent on franchise utility coordination. Any additional time spent beyond the allotted sixty (60) hours will be considered additional services.

Task 1.5 Eminent Domain Coordination

The ENGINEER will attend and document up to two (2) meetings with CITY staff to aid in eminent domain proceedings.

Deliverables:

- Monthly invoices and status reports.
- Meeting agendas and meeting notes

Assumptions:

- It is assumed Coordination Meetings will be required for twelve (12) months. Additional Coordination Meetings will be considered Additional Services.

Task 2 Data Collection**Task 2.1 Data Collection and Analysis**

The ENGINEER will collect additional data for preliminary and final design. This information will be utilized to analyze existing constraints and issues for the development of the conceptual design. The following elements will be used to develop the base map.

- 2.1.1 Aerial Photography – The ENGINEER will collect aerial photography for the project corridor from NearMaps and/or available aerial photos from the CITY.
- 2.1.2 Available Record Drawing Research – The ENGINEER will collect any available record drawings from the CITY within the project limits.
- 2.1.3 Available CITY GIS utility information – The ENGINEER will utilize the CITY's online GIS information to compile utility information for the study area.
- 2.1.4 Field Observation – The ENGINEER will conduct up to five (5) site visits to visually document the existing conditions with the Contractor.
- 2.1.5 Utility Data Collection – The ENGINEER will meet with the CITY to discuss historical, existing, and future conditions along the project corridor.

Task 2.2 Topographic and Boundary Survey

The ENGINEER will prepare additional topographic survey and right-of-way determination to be used for civil engineering design purposes. The topographic survey is to be used in-house and will not be issued as a stand-alone survey document.

- 2.2.1 The limits of survey will include ten (10) feet beyond existing right-of-way and fifty (50) feet beyond the construction limits for the water line extension area along Country Club Road between Ryan Road and the Denton Classical Academy.
- 2.2.2 The survey will consist of: the location of the right-of-way lines and adjoining property lines with existing easements readily available in the public record (this does not include an abstract of title); elevations; contour lines representing the surface of the existing ground at one foot intervals based on a survey grid system and tied to existing

EXHIBIT A

control points; observed (only if clearly visible from the surface) locations of existing water, sewer, storm drain, franchise utility facility appurtenances, trees, shrubs, and flowerbeds; pavement, sidewalk, and other visible corridor improvements, and benchmarks established with the survey.

Task 2.3 Subsurface Utility Engineering (SUE)

The ENGINEER will, via a sub-consultant, expose additional utilities using SUE methods and collect survey data on their exposed location. This information will be used during civil engineering design. SUE qualities are described as follows:

2.3.1 Level B Subsurface Utility Exploration

- Quality Level B (QL-B) involves the application of appropriate surface geophysical methods to determine the existence and horizontal position of virtually all utilities within the project limits. This activity is called "designating". The information obtained in this manner is surveyed to project control. It addresses problems caused by inaccurate utility records, abandoned or unrecorded facilities, and lost references.
- SUE QL-B fee is based on an average of six (6) underground utilities for approximately 850 linear feet each. If there are additional utility lines, or we need to obtain more than 850 linear feet for each utility, additional fee may be needed. Additional Level B SUE will be considered additional services.

2.3.2 Level A Subsurface Utility Exploration

- Quality Level A (QL-A), also known as "locating", is the highest level of accuracy presently available and involves the full use of subsurface utility engineering services. It provides information for the precise plan and profile mapping of underground utilities through the nondestructive exposure of underground utilities. QL-A provides the type, size, condition, material, and other characteristics of underground features.
- SUE QL-A fee is based on obtaining up to twenty (20) test holes within the project limits. Test hole information will be provided in the construction drawings in a table format. Any additional test holes needed will be considered additional services.

Task 4 Property Acquisition Services**Task 4.1 Right-of-Way and Temporary Construction Easement Documentation**

- 4.1.1 The ENGINEER will prepare a metes and bounds description and sketch showing the location and dimensions for proposed easements. Easement language will either be the unaltered standard language provided by the local jurisdiction, or as agreed to by the Grantor and Grantee and provided complete to the ENGINEER. The CITY will file the documents.

The ENGINEER will prepare up to twenty (20) temporary construction easement or right-of-way documents.

EXHIBIT A

Task 4.2 Property Acquisition Services

4.2.1 ENGINEER will perform the following services for Easement Acquisition Services:

1. ENGINEER's Real Estate Agent shall provide appraisals for proposed easements on up to twenty (20) parcels for the proposed lines. Appraisals will be approved by the CITY prior to beginning negotiations with property owners. The appraisals will be prepared by State Certified Appraisers in accordance with the Uniform Standards of Professional Appraisal Practice Act (USPAP). The appraisals will be suitable for use in condemnation proceedings, if necessary.
2. Provide property negotiation services for up to twenty (20) parcels for the proposed line as follows:
 - a. The offer to purchase the properties will be based on the appraisals as indicated above. The CITY will establish the value to be used in negotiation and the range of negotiating authority to be given to the right-of-way agent. ENGINEER's Real Estate Agent will provide the services of qualified right-of-way agents to secure the required easements for the project. The right-of-way agents will provide each property owner a copy of The Texas Landowner Bill of Rights, but will NOT be required to provide negotiation services under the Uniform Relocation and Acquisition Act (Uniform Act).
 - b. ENGINEER's Real Estate Agent will negotiate on behalf of the CITY and utilize conveyance documents and other necessary forms as prescribed by the CITY. ENGINEER's Real Estate Agent will provide a good faith effort to acquire the rights-of-way through a negotiation process, which will generally consist of three (3) contacts with the property owner, or their authorized representative. A maximum of five (5) total contacts will be provided to reach an agreement with the property owner, or to determine that further negotiations will be non-productive and that eminent domain actions will be necessary to acquire the property. If absentee owners are involved, the negotiations may be conducted via telephone, fax, or by mail. If the schedule for acquisition of the easement or other factors arise, which make it expedient, travel outside the project area to meet with the absentee owners may be desirable. If such events arise, the travel must be specifically authorized by the CITY. If such travel is authorized, the expenses involved, including the agent's services, will be considered additional services.
 - c. The initial offer made to the property owner will be based on the value authorized by the CITY. All counter-offers by the property owner, along with ENGINEER's Real Estate Agent recommendations will be presented to the City for consideration. The CITY must establish and recommend such counter offers before ENGINEER's Real Estate Agent will be authorized to agree to the requested changes. All monetary offers made to the property owners will be within the limits authorized by the CITY in the various stages of the negotiation.
 - d. After reaching an agreement with the landowner on the consideration and all other terms of the transaction, ENGINEER's Real Estate Agent will forward to the CITY a Memorandum of Agreement (M/A) executed by the property owner to be ratified by the CITY. This M/A sets forth the compensation and any other terms and conditions agreed upon. The CITY will be responsible for obtaining the CITY's ratification and for returning the ratified M/A to ENGINEER's

EXHIBIT A

Real Estate Agent. ENGINEER's Real Estate Agent will then inform the Title Company that the parcel is ready for closing.

3. ENGINEER's Real Estate Agent will coordinate contacts with the CITY to deliver any payments to the Title Company prior to closing.
4. This Scope of Services assumes that costs for Title Commitments, Title Policies and recording fees will be purchased by the CITY through the assistance of the Real Estate Agent. The amount paid for the Title Policies will not exceed premium amounts set by the Texas Department of Insurance and agreed upon in advance between the CITY and the Title Company. Any additional Title Company services such as recording fees shall be agreed upon in advance between the CITY and the Title Company. ENGINEER's Real Estate Agent will review liens or other exceptions reported in the Title Commitment. ENGINEER will coordinate the location and the effect of any utility easements. ENGINEER will report the results of the Title Commitment to the CITY, recommending the disposition of the exceptions. The decision whether the reported exceptions are acceptable or must be eliminated will be the responsibility of the CITY. Any action required to clear title is not included in the Scope of Work for this project, and if required, will be considered Additional Services.
5. ENGINEER's Real Estate Agent will coordinate and attend all closings at the Title Company.
6. ENGINEER's Real Estate Agent will confirm that the Title Company records all documents at the Denton County Courthouse after closing.
7. ENGINEER's Real Estate Agent will confirm that the Title Company forwards copies of all recorded documents to the CITY.

Task 5 Roadway Design

The ENGINEER will prepare construction plans, specifications, and estimates for full depth reconstruction and mill and overlay of Ryan Road per CITY standards.

Task 5.1 Preliminary Design (60%)

- 5.1.1 The ENGINEER will prepare a 22"x34" Preliminary (60%) Plan Set consisting of the following elements:
 - Cover sheet and index of sheets
 - General notes
 - Project control
 - Utility layout
 - Existing and proposed horizontal layout
 - Utility design will be performed under Task 6
 - Roadway typical sections
 - Existing and Proposed
 - Removals
 - Roadway plan and profile drawings at 1"=20' horizontal and 1"=4' vertical scale.
 - Sidewalk and curb ramps
 - Pavement markings and signage
 - Retaining wall plan and profile drawings at 1"=20' horizontal and 1"=4' vertical scale.
 - Cross sections at fifty (50) foot increments

EXHIBIT A

- Traffic control and detour plans
- Construction details
- Summary of quantities
- Specifications and special provisions

5.1.2 Opinion of Probable Cost (OPCC):

Based on the OPCC prepared by the ENGINEER, the corridor improvements maybe reduced or bid alternatives added in order to fit within the CITY's budget. The ENGINEER has no control over the cost of labor, materials, equipment, or over the Contractor's methods of determining prices or over competitive bidding or market conditions. Opinions of probable costs provided are based on the information known at the time the costs were prepared and represent only the ENGINEER's judgment as a design professional familiar with the construction industry. The ENGINEER cannot and does not guarantee that proposals, bids, or actual construction costs will not vary from its opinions of probable costs.

- 5.1.3 The ENGINEER will conduct a Preliminary Design (30%) review meeting to review and respond to all comments received from the CITY.

Task 5.2 Final Design (90%)

- 5.2.1 The ENGINEER will respond to and address one (1) round of comments provided by the CITY and prepare a 22"x34" Final (90%) Plan Set consisting of the elements in Task 5.1.

- 5.2.2 OPCC

- 5.2.3 The ENGINEER will conduct and document a Final Design (90%) review meeting for each project area to review and respond to all comments received from the project team.

Task 5.3 Final Sealed (100%) Submittal

- 5.3.1 The ENGINEER will respond to and address one (1) round of comments provided by the CITY and prepare a Final Sealed (100%) Plan Set consisting of the elements in Task 5.3.

- 5.3.2 OPCC

Deliverables:

- Digital 22"x34" PDF Plan Set for Preliminary (60%), Final (90%), and Final Sealed (100%) Roadway Design.
 - Up to three (3) 22"x34" hard copies may be submitted at the CITY's request.
- Meeting notes Preliminary (60%) and Final (90%) Roadway Design review meetings.

Task 6 Utility Design

The ENGINEER will prepare construction plans, specifications, and estimates for the construction of water and sanitary sewer line segments identified, including the water line extension along Country Club Road, per CITY standards.

EXHIBIT A

Task 6.1 Water Design

- 6.1.1 The ENGINEER will prepare the following items for the construction plan set:
- Horizontal layouts for water line relocations and necessary appurtenances.
 - Vertical profiles for water line relocations and necessary appurtenances providing the required clearance from all known conflicts.
 - Water line details, including connection details.
 - Sequencing notes for shutdown and connection sequencing plans.
 - Abandonment layouts as needed.
 - Temporary and permanent easements as needed.
 - Design tunnels/bores including casing/tunnel liner plate minimum thickness and inside diameter, shafts, allowable methods, control of ground water, and appropriate tolerances with the chosen method.

Task 6.2 Sanitary Sewer Design

- 6.2.1 The ENGINEER will prepare the following items for the construction plan set:
- Horizontal layouts for sanitary sewer line relocations and necessary appurtenances.
 - Vertical profiles for sanitary sewer line relocations and necessary appurtenances providing the required clearance from all known conflicts.
 - Sanitary sewer line details.
 - Sequencing notes for shutdown and connection sequencing plans.
 - Abandonment layouts as needed.
 - Temporary and permanent easements as needed.
 - Design tunnels/bores including casing/tunnel liner plate minimum thickness and inside diameter, shafts, allowable methods, control of ground water, and appropriate tolerances with the chosen method.

Task 6.3 Preliminary Design (60%)

- 6.3.1 The ENGINEER will prepare a 22"x34" Preliminary (60%) Plan Set consisting of the following elements:
- Abandonment layout
 - Waterline plan and profile drawings at 1"=40' horizontal and 1"=4' vertical scale
 - Sanitary sewer line plan and profile drawings at 1"=40' horizontal and 1"=4' vertical scale
 - Plan view of the base map shall have all above ground features shown and clearly labeled along with existing utilities based on field ties and record information.
 - Plan view shall include design notes for stationing, size, slope, pipe material, embedment, length, and construction method.
 - Profile view shall include design notes for stationing, size, slope, flow-line of pipe, pipe material, embedment, length and construction method.
 - Standard construction details
 - Preliminary water line details, including connection details
 - Summary of quantities
 - Specifications and special provisions

- 6.3.2 OPCC

EXHIBIT A**Task 6.4 Final Design (90%)**

- 6.4.1 The ENGINEER will respond to, and address one (1) round of comments provided by the CITY and prepare a Final Design (90%) Plan Set consisting of the elements in Task 6.3 as well as the following elements:
- Surface repair sheets and details as needed.
- 6.4.2 OPCC

Task 6.5 Final Sealed (100%) Submittal

- 6.5.1 The ENGINEER will respond to and address one (1) round of comments provided by the CITY and prepare a Final Sealed Design (100%) Plan Set consisting of the elements in Task 6.4.
- 6.5.2 OPCC

Deliverables:

- Digital 22"x34" PDF Plan Set for Preliminary (60%), Final (90%), and Final Sealed (100%) Utility Design.
 - Up to three (3) 22"x34" hard copies may be submitted at the CITY's request.

Task 7 Storm Drain Design**Task 7.1 Preliminary Design (60%)**

- 7.1.1 The ENGINEER will prepare the following items for the construction plan set:
- Existing and Proposed Drainage Area Maps
 - Horizontal layout for internal systems, roadside ditches, and culvert crossings
 - Vertical profiles for internal systems, roadside ditches, and culvert crossings
 - Hydraulic calculations for internal systems, roadside ditches, and culvert crossings
 - Headwall construction details
 - Standard construction details
 - Preliminary storm drain details
 - Summary of quantities
 - Specifications and special provisions

Task 7.2 Final Design (90%)

- 7.2.1 The ENGINEER will respond to and address one (1) round of comments provided by the CITY and prepare a Final Design (90%) Plan Set consisting of the elements in Task 7.1.
- 7.2.2 OPCC

Task 7.3 Final Sealed (100%) Submittal

- 7.3.1 The ENGINEER will respond to and address one (1) round of comments provided by the CITY and prepare a Final Sealed Design (100%) Plan Set consisting of the elements in Task 7.2.
- 7.3.2 OPCC

EXHIBIT A

Task 7.4 Flood Study

- 7.4.1 The ENGINEER will revise the hydrology for Ryan Road culvert crossings prepared as part of the conceptual design. The revisions will be to reflect the final design of the major culvert crossings. The study will include existing, proposed, and fully developed watershed conditions as required by the CITY. Hydrologic parameters will be developed in accordance with CITY criteria.

- 7.4.2 The ENGINEER will revise the hydraulics models to determine the impacts of the proposed culvert crossings. In total there are six (6) culvert crossings, two (2) of which being crossings within FEMA effective floodplains. The ENGINEER will perform iterations to the models and grading plan to mitigate adverse increases in 100-year water surface elevations.

- 7.4.3 The Flood study will be prepared to meet FEMA standards and requirements and CITY requirements. The Flood Study will consist of the following:
 - Narrative
 - Drainage Area Maps
 - Peak Flow Comparison Tables
 - HEC-HMS Output
 - Pre/Post-Project Floodplain Maps
 - Water Surface Elevation Comparison Tables
 - HEC-RAS Output
 - Cross-Culvert Plan and Profile Sheets
 - Storm Pipe and Headwall Details
 - FEMA Effective Flows
 - FIS Profile
 - FEMA FIRM
 - Annotated FEMA FIRM
 - Affected Property Owners
 - Digital Files

- 7.4.4 After completion of the culvert crossings within the FEMA effective floodplains, topographic survey will be performed by the Contractor and returned to the CITY. This survey will be used for the purposes of preparing the Letter of Map Revision (LOMR) to submit to FEMA. The ENGINEER will revise the flood study based upon as-built data and submit to FEMA for approval. Permitting Fee for the LOMR requests will be paid for by the CITY. Additional items to be included as part of LOMR Submittal:
 - Signed and Sealed Topographic Survey (Provided by Contractor)
 - FEMA Forms
 - As-Built Plans
 - Check RAS

Deliverables:

- Digital 22"x34" PDF Plan Set for Preliminary (60%), Final (90%), and Final Sealed (100%) Roadway Design.
 - Up to three (3) 22"x34" hard copies may be submitted at the CITY's request.
- HEC-HMS and HEC-RAS output files.
- LOMR submitted to FEMA.

EXHIBIT A**Task 8 Illumination Design****Task 8.1 Illumination Design**

The ENGINEER will prepare construction plans, specifications, and estimates for illumination design for Ryan Road and the proposed shared use path per CITY standards.

- 7.1.2 The ENGINEER will gather available as-built information from the CITY including existing lighting infrastructure. As-built information received from the CITY will be visually verified in the field.
- 7.1.3 The ENGINEER will meet on-site with CITY street lighting staff to determine street light circuit configurations. The ENGINEER will also meet on-site with DME to determine service feed options for the proposed street lighting.
- 7.1.4 The ENGINEER will prepare the illumination plans in accordance with CITY guidelines. The following design elements will be included with Task 5 Preliminary (60%), Final (90%), and Final Sealed (100%) deliverables:
 - Existing Conditions and Removals
 - Proposed Illumination Layout
 - Wiring Charts
 - Summary Sheets
 - Electrical Service Panel Schedules

Deliverables:

- Digital 22"x34" PDF Plans for Illumination Design with Preliminary (60%), Final (90%), and Final Sealed (100%) deliverables.

Task 9 Bidding and Construction Services**Task 9.1 Bidding Support**

The ENGINEER will provide the following support for bidding of Ryan Road:

- Pre-Bid Meeting – The ENGINEER will attend one (1) pre-bid meeting.
- Requests for Information - The ENGINEER will respond to reasonable and appropriate Contractor requests for information during bidding in the form of an addenda. Requests for information will be received and responded to until an agreed upon date prior to the established bid opening date. The addenda will be issued to all registered plan holders.
- Bid Opening – The ENGINEER will attend one (1) bid opening meeting.
- Addenda – The ENGINEER will incorporate all addenda into the contract documents and issue conformed sets.

Regular Construction Meetings

The ENGINEER will attend monthly construction meetings with the project team.

EXHIBIT A**Task 9.2 Site Visits**

- 9.2.1 The ENGINEER will conduct one (1) site visit for the entire project limits each month during construction and perform construction observation.
- 9.2.2 The ENGINEER shall not, during such visits or as a result of such observations of the Contractor's work in progress, supervise, direct, or have control of the Contractor's work, nor shall the ENGINEER have authority over or responsibility for the means, methods, techniques, equipment choice and usage, sequences, schedules, or procedures of construction selected by the Contractor, for safety precautions and programs incident to the Contractor's work, nor for any failure of the Contractor to comply with laws and regulations applicable to the Contractor's furnishing and performing the work. Accordingly, the ENGINEER neither guarantees the performance of any contractor nor assumes responsibility for any of the Contractor's failure to furnish and perform its work in accordance with the Contract Documents.

Task 9.3 Recommendations with Respect to Defective Work

Provide recommendations to the CITY that Contractor's work be disapproved and rejected while it is in progress if, on the basis of site visit evaluations, the ENGINEER believes such work will not produce a completed Project that conforms generally to the Contract Documents or that it will prejudice the integrity of the design concept of the completed Project as a functioning whole as indicated in the Contract Documents. Notwithstanding the foregoing, the CITY reserves the right to disapprove or reject the Contractor's work without a recommendation from the ENGINEER.

Task 9.4 Clarifications and Interpretations

Issue necessary clarifications and interpretations of the Contract Documents to the CITY as appropriate to the orderly completion of the Contractor's work. Such clarifications and interpretations will be consistent with the intent of the Contract Documents. Field orders authorizing variations from the requirements of the Contract Documents will be made by the CITY.

Task 9.5 Change Orders

- 9.5.1 Recommend change orders to the CITY, as appropriate.
- 9.5.2 Review and make recommendations related to Change Orders submitted or proposed by the Contractor.

Task 9.6 Shop Drawings and Samples

Review and approve or take other appropriate action in respect to Shop Drawings and Samples and other data which the Contractor is required to submit, but only for conformance with the information given in the Contract Documents and compatibility with the design concept of the completed Project as a functioning whole as indicated in the Contract Documents. Such review and approvals or other action will not extend to means, methods, techniques, equipment choice and usage, sequences, schedules, or procedures of construction or to related safety precautions and programs. Assumes up to one hundred (100) shop drawings.

EXHIBIT A**Task 9.7 Substitutes and “or-equal”**

Evaluate and determine the acceptability of substitute or “or-equal” materials and equipment proposed by the Contractor in accordance with the Contract Documents, but subject to the provisions of applicable standards of state or local government entities.

Task 9.8 Inspections and Tests

Review certificates of inspections and tests within the ENGINEER’s area of responsibility for the purpose of determining that the results certified indicate compliance with the Contract Documents and will not constitute an independent evaluation that the content or procedures of such inspections, tests, or approvals comply with the requirements of the Contract Documents. The ENGINEER will be entitled to rely on the results of such tests and facts being certified. The scope of services assumes the pumps and motors will go through a non-witnessed factory test. Attending testing will be considered additional services.

Task 9.9 Disagreements between City and Contractor

As necessary, the ENGINEER will, with reasonable promptness, render initial written decision on all claims of the CITY and Contractor relating to the acceptability of the Contractor’s work or the interpretation of the requirements of the Contract Documents pertaining to the progress of the Contractor’s work. In rendering such decisions, the ENGINEER will be fair and not show partiality to the CITY or Contractor and will not be liable in connection with any decision rendered in good faith in such capacity. The initial decision of the ENGINEER shall be required as a condition precedent to mediation or litigation of any claim arising prior to the date final payment is due to the Contractor, unless thirty (30) days have passed after a claim has been referred to the ENGINEER with no decision having been rendered.

Task 9.10 Final Walkthrough and Punchlist Preparation

- 9.10.1 Attend final walkthrough with the Contractor and CITY to determine if the completed work of the Contractor is generally in accordance with the Contract Documents.
 - a. Limitation of Responsibilities: The ENGINEER will not be responsible for the acts or omissions of any contractor, suppliers, or of any other individual entity performing or furnishing the work. The ENGINEER will not have the authority or responsibility to stop the work of any contractor.
- 9.10.2 Compile punch list from information gathered during final walkthrough with the CITY and Contractor.

Assumptions:

- It is assumed the construction phase will be for twenty-four (24) months. Additional Construction Phase Services will be considered Additional Services.

Task 10 Record Drawings**Task 10.1 Record Drawings**

- 10.1.1 Obtain and review comments and field changes on the construction plans from the CITY and contractor.
- 10.1.2 Prepare record drawings based on comments and field changes. The ENGINEER will not be providing resident engineering services and will not be observing on a full-time

EXHIBIT A

basis and will therefore not seal the record drawings. The record drawings will be provided as digital 22"x34" PDF.

Compensation

The additional services described above will be accommodated by increasing the contract amount by \$1,238,265.15. The CITY shall compensate the ENGINEER as follows:

Lump Sum

The ENGINEER will perform the services in Tasks 2 and 5-7 for the total lump sum fee below. Individual task amounts are informational only. All permitting, application, and similar project fees will be paid directly by the CITY.

Task	Original Contract	Remaining	Amendment No. 1	Revised Contract	Revised Remaining
Task 2 – Data Collection					
2.1 – Base Mapping	\$18,800.00	\$17,482.03	\$3,417.97	\$22,217.97	\$20,900.00
2.2 – Topographic Survey	\$78,600.00	\$6,300.46	\$(3,500.46)	\$75,099.54	\$2,800.00
2.4.1 – SUE (Level B)	\$97,900.00	-	\$62,300.00	\$160,200.00	\$62,300.00
Task 5 – Roadway Design	-	-	\$274,900.00	\$274,900.00	\$274,900.00
Task 6 – Utility Design	-	-	\$207,100.00	\$207,100.00	\$207,100.00
Task 7 – Drainage Design	-	-	\$278,000.00	\$278,000.00	\$278,000.00
Totals:	\$195,300.00	\$23,782.49	\$822,217.51	\$1,017,517.51	\$846,000.00

Lump sum fees will be invoiced monthly based upon the overall percentage of services performed. Individual task amounts are provided for budgeting purposes only. The ENGINEER reserves the right to reallocate amounts among tasks as necessary.

Hourly Not to Exceed

The ENGINEER will perform the services in Tasks 1-4, and 8-11 on a labor fee plus expense basis with the maximum labor fee shown below.

The ENGINEER will not exceed the total maximum labor fee shown without authorization from the CITY. Individual task amounts are provided for budgeting purposes only. The ENGINEER reserves the right to reallocate amounts among tasks as necessary. Labor fee will be billed on an hourly basis according to our then-current rates.

EXHIBIT A

Task	Original Contract	Remaining	Amendment No. 1	Revised Contract	Revised Remaining
Task 1 – Project Management	\$10,400.00	\$2,392.51	\$62,307.49	\$72,707.49	\$64,700.00
Task 2 – Data Collection					
2.3 – Geotechnical Analysis	\$28,600.00	\$6,462.50	\$27,637.50	\$56,237.50	\$34,100.00
2.4.2 – SUE (Level A)	-	-	\$41,800.00	\$41,800.00	\$41,800.00
Task 3 – Conceptual Design (30% Submittal)	\$197,100.00	\$50,997.35	\$(50,997.35)	\$146,102.65	-
Task 4 – Right-of-Way Documentation	\$27,500.00	\$27,500.00	\$170,500.00	\$198,000.00	\$198,000.00
Task 8 – Illumination Design	-	-	\$60,500.00	\$60,500.00	\$60,500.00
Task 9 – Construction Phase Services	-	-	\$89,900.00	\$89,900.00	\$89,900.00
Task 10 – Record Drawings	-	-	\$14,400.00	\$14,400.00	\$14,400.00
Task 11 – Reimbursable Expenses	\$2,200.00	\$1,998.78	-	\$2,200.00	\$1,998.78
Totals:	\$265,800.00	\$89,351.14	\$416,047.64	\$681,847.64	\$505,398.78

As to these tasks, direct reimbursable expenses such as express delivery services, fees, air travel, and other direct expenses will be billed at 1.10 times cost. A percentage of labor fee will be added to each invoice to cover certain other expenses as to these tasks such as telecommunications, in-house reproduction, postage, supplies, project related computer time, and local mileage. Administrative time related to the project may be billed hourly. All permitting, application, and similar project fees will be paid directly by the CITY.

Payment will be due within 30 days of your receipt of the invoice and should include the invoice number and Kimley-Horn project number.

Duly executed by each party's designated representative to be effective on the date subscribed by the CITY.

Electronic Record and Signature Disclosure		

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, City of Denton (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through your DocuSign, Inc. (DocuSign) Express user account. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to these terms and conditions, please confirm your agreement by clicking the 'I agree' button at the bottom of this document.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. For such copies, as long as you are an authorized user of the DocuSign system you will have the ability to download and print any documents we send to you through your DocuSign user account for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. To indicate to us that you are changing your mind, you must withdraw your consent using the DocuSign 'Withdraw Consent' form on the signing page of your DocuSign account. This will indicate to us that you have withdrawn your consent to receive required notices and disclosures electronically from us and you will no longer be able to use your DocuSign Express user account to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through your DocuSign user account all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact City of Denton:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:

To contact us by email send messages to: purchasing@cityofdenton.com

To advise City of Denton of your new e-mail address

To let us know of a change in your e-mail address where we should send notices and disclosures electronically to you, you must send an email message to us at melissa.kraft@cityofdenton.com and in the body of such request you must state: your previous e-mail address, your new e-mail address. We do not require any other information from you to change your email address..

In addition, you must notify DocuSign, Inc to arrange for your new email address to be reflected in your DocuSign account by following the process for changing e-mail in DocuSign.

To request paper copies from City of Denton

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an e-mail to purchasing@cityofdenton.com and in the body of such request you must state your e-mail address, full name, US Postal address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with City of Denton

To inform us that you no longer want to receive future notices and disclosures in electronic format you may:

- i. decline to sign a document from within your DocuSign account, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;
- ii. send us an e-mail to purchasing@cityofdenton.com and in the body of such request you must state your e-mail, full name, US Postal Address, telephone number, and account number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

Operating Systems:	Windows2000? or WindowsXP?
Browsers (for SENDERS):	Internet Explorer 6.0? or above
Browsers (for SIGNERS):	Internet Explorer 6.0?, Mozilla FireFox 1.0, NetScape 7.2 (or above)
Email:	Access to a valid email account
Screen Resolution:	800 x 600 minimum
Enabled Security Settings:	•Allow per session cookies •Users accessing the internet behind a Proxy Server must enable HTTP 1.1 settings via proxy connection

** These minimum requirements are subject to change. If these requirements change, we will provide you with an email message at the email address we have on file for you at that time providing you with the revised hardware and software requirements, at which time you will have the right to withdraw your consent.

Acknowledging your access and consent to receive materials electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please verify that you were able to read this electronic disclosure and that you also were able to print on paper or electronically save this page for your future reference and access or that you were able to e-mail this disclosure and consent to an address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format on the terms and conditions described above, please let us know by clicking the 'I agree' button below.

By checking the 'I Agree' box, I confirm that:

- I can access and read this Electronic CONSENT TO ELECTRONIC RECEIPT OF ELECTRONIC RECORD AND SIGNATURE DISCLOSURES document; and
- I can print on paper the disclosure or save or send the disclosure to a place where I can print it, for future reference and access; and
- Until or unless I notify City of Denton as described above, I consent to receive from exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to me by City of Denton during the course of my relationship with you.
