# **Condition Overview**

- 1. FCA The Facility Condition Index (FCI) Score was designated per facility based on projected maintenance needs in relation to the replacement value of the structure. Each building shows an increase in cost to maintain in current standing.
- 2. ADA The recent ADA assessment provides a clear picture of deficiency related to Title II and III accessibility regulations to ensure fair and equitable access to all residents.
- 3. Suitability/Operability The operational ability of the facility is another consideration. This segment analyzes how efficiently the space is being used and does it meet operational needs.

**Compounded Result –** Taking a holistic view of the facilities in their current structural condition, ADA compliance, and operational capacity.

## **Condition Assessment**

- A Facilities Condition Assessment (FCA) was completed in 2022 to ensure an accurate resource allocation for maintenance needs.
- The FCA identified the infrastructure condition of occupied facilities and provided an action plan for repairs and improvements to ensure a safe operating space for employees and citizens, while also ensuring financial resources are applied appropriately.
- The assessment examined the following:
  - Structure
  - Façade
  - Roofing
  - Interiors
  - Conveying
  - Plumbing
  - HVAC
  - Fire Protection

- Electrical
- Fire Alarm & Electronics
- Equipment & Furnishings
- Special Construction and Demo
- Site Utilities
- Site Pavement
- Site Development
- Follow-up Studies

### **Condition Assessment - Immediate Needs**

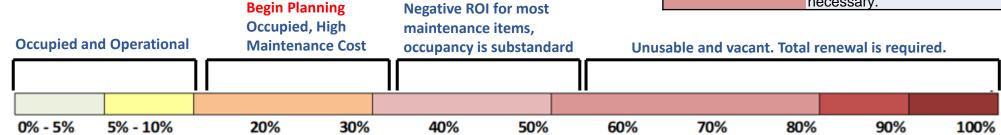

- A Facility Condition Index (FCI) Score was designated per facility based on projected maintenance needs/replacement value.
- The FCI score indicates the overall infrastructure condition, including at which point the City needs to begin planning for a renovation or new construction.

<sup>\*</sup>City Hall West was not assessed due to its current uninhabitable condition.

#### **Facility Condition Index**

0-5%	In new or well-maintained condition.
5-10%	Subjected to wear but in serviceable and functioning condition.
10-30%	Subjected to hard or long-term wear, nearing end of useful life.
30%	Has reached the end useful or serviceable life. Renewal necessary.

### **ADA Assessment**

- On January 11, 2022, Council adopted an ADA
   Transition Plan to guide compliance for City of Denton
   sidewalks, facilities, parks, and trails to provide
   protentional solutions to improve accessibility, which will
   guide the planning and implementation of necessary
   program and facility modifications over the next 30
   years.
- Title II: Ensures nondiscrimination on the basis of disability in State and local government services.
- Title III: Ensures nondiscrimination on the basis of disability by public accommodations and in commercial facilities.
