SUBJECT

Consider approval of a resolution of the City of Denton ratifying the submission of an application by the City of Denton Parks and Recreation Department (PARD) to the City of Denton Community Development Department for the 2024/25 Community Development Block Grant Program (CDBG) in the amount of \$250,000 to construct and extend the trail loop at Denia Park and add American With Disabilities Act (ADA) compliant connecting trails at Carl Gene Young Sr Park; and providing for an effective date.

BACKGROUND

The Parks and Recreation Department (PARD) is seeking \$250,000 through the City of Denton's 2024/25 Community Development Block Grant (CDBG) Program. The CDBG Program is open to nonprofit agencies and organizations serving low to moderate-income residents. Organizations may submit applications for Human Services, Housing, and Public Facility programs designed to improve housing, neighborhoods, and quality of life for individuals and families living within the city limits.

PARD is applying for funding to construct an extension to the trail loop to the east side of the ballfields at Denia Park with short connecting sections to existing sidewalks. The proposal also includes the addition of ADA connecting trails from the new splash pad to the playground area at Carl Young Sr Park.

The Grants Management Office (GMO) received an Intent to Apply form from the PARD on December 12, 2023, and the Grant Review Committee reviewed and approved the proposal on January 2, 2024. Grant applications were due on January 15, 2024. The next available City Council meeting for review and approval of the required approved documents was February 6, 2024.
