**SCHEDULE SR**

**RESIDENTIAL WASTEWATER SERVICE**

(Effective 10/01/14)

**APPLICATION**

Applicable for single-family residential service, and individually metered apartments or mobile homes or multi-family facilities with less than four (4) units. Also applicable for wastewater service without City of Denton, Texas water service.

Not applicable for sub-billing or other utility billing by service user in any event.

**MONTHLY RATES (SR) - WITH CITY OF DENTON WATER SERVICE**

- (1) Facility Charge            \$10.35/bill
- (2) Volume Charge            \$3.95/1,000 gallons effluent

**MONTHLY RATES (SRO) – OUTSIDE CORPORATE LIMITS WITH CITY OF DENTON WATER SERVICE**

- (1) Facility Charge            \$11.90/bill
- (2) Volume Charge            \$4.60/1,000 gallons effluent

Except as otherwise stated in this schedule, wastewater volume is calculated based upon a current winter Average Daily Usage, established annually during the previous billing months of December through February, and based upon 100% of actual water consumption during those months. The average daily usage may be calculated using as few as two months. The Average Daily Usage thus calculated establishes the wastewater volume charge for each subsequent month, through the following February. The calculated wastewater billed volumes will be capped at a maximum of 18,000 gallons/bill.

For customers without an established winter Average Daily Usage water consumption billing history derived from the preceding billing months of December through February, wastewater volume for each billing month through the following February shall be calculated at 100% of 6,000 gallons.

**MINIMUM BILLING - WITH CITY OF DENTON WATER SERVICE**

## SCHEDULE SCH

### SEPTAGE & CHEMICAL TOILET DISPOSAL AT THE PECAN CREEK WATER RECLAMATION PLANT SEPTAGE TRANSFER STATION (Effective 10/01/14)

#### PERMIT REQUIRED

All persons owning or operating a vacuum truck, cesspool pump truck, liquid waste transport truck or other vehicle shall not service any septic tank, seepage pit, grease interceptor, grit trap/oil separator, or cesspool within City of Denton without first having received a valid transport truck discharge (TTD) permit.

#### APPLICATION

Applicable to all users of the Pecan Creek Water Reclamation Plant Septage Transfer Station. The user must sign the "Agreement for Disposal of Liquid Waste" and comply with the following requirements:

1. Sections 26-309, 26-310, and 26-311 of the City of Denton Code of Ordinances
2. Provide to the City: signed "Application for Permit", "Agreement for Disposal of Liquid Waste" documents, and provide copy of current TCEQ Registration Certificate, current Insurance Certificate for each vehicle, and current Manager of Operations Driver's License.
3. Comply with the "Liquid Waste Hauler – Vehicle Inspection Audit" requirements

City staff, after reviewing the permit application and agreement, and after conducting any necessary research, may issue the permit, issue the permit with conditions, or deny the issuance of the permit. The City will establish the number of permits to be issued. The City maintains the right to deny the disposal of wastes at the Septage Transfer Station when necessary to prevent adverse affects to the operations of the treatment facilities.

#### RATE

(1) Facility Charge	\$5.80/bill
(2) Volume Charge	\$37.20/1,000 gallons
(3) Application Fee	\$300.00/per calendar year

Facility Charge

## PAYMENT

Application and Vehicle Permit fee is due in full before first disposal at Pecan Creek Water Reclamation Plant Septage Transfer Station. Bills are due when rendered, and become past due if not paid within fifteen (15) calendar days from date of issuance.

## VOLUME CHARGE

Billing for the septage volume contained in the septage hauling tank, shall be based on the full tank volume only.

## TERMS AND RENEWAL

Permits are issued annually, beginning Dec. 1, and are effective from Jan. 1 or the date of issuance, whichever is later, through Dec.31 of the same calendar year. The permit application process should be initiated and fees should be paid as early as possible during the last quarter of each calendar year for the upcoming calendar year so that adequate time is available for review and processing of the application. Submittal of applications by Dec.1 will eliminate the possibility of permits being issued after Jan. 1. All permits issued under this schedule shall be valid for up to one calendar year from the date of issuance. All permits issued during each calendar year will expire on the last day of that calendar year.

**SCHEDULE SWP**  
**COLLECTION AND TRANSPORTATION SERVICES PERMIT**  
(Effective 10/01/14)

Any person, entity, or business engaged in the collection and transport of waste, recyclables, or other materials as classified within this rate schedule, and operating within the City of Denton must possess a current permit issued from the City prior to providing collection and transportation services. Any private container located within the City of Denton for use in waste and recyclables collection services is required to be permitted.

Permits for collection and transportation services are required for, but are not limited to, the following wastes and recyclables classifications:

- Municipal Solid Waste
- Special Waste
- Medical Waste
- Hazardous Waste
- Restaurant Oil and Grease
- Grease & Grit Trap Waste
- Commercial and Industrial Recyclable Materials – containerized and baled
- Residential Recyclable Materials
- Construction and Demolition (C&D) materials, recyclables, reuseables, and discarded C&D materials
- Waste and recyclable collection service providers operating in newly annexed areas, or contract service providers for the city
- Refuse or recyclables that the City does not collect and transport.

The person shall apply for a permit from the city, and shall pay the required application fees at the time of permit application. All permits are non-transferable and are granted as non-exclusive service permits. Granting permits will be at the discretion of the City to meet the needs of the community. The permit applicant must pay the required fees, and meet all permit requirements prior to the issuance of a permit. Applicants with a Texas Commission of Environmental Quality (TCEQ) poor compliance history may not be permitted.

All non-City of Denton container owners (roll-off containers, self contained compactors) are required to annually pay the per cubic yard container fee to the City of Denton for each container, that is at least 1 cubic yard in size, located within Denton’s city limits.

Applicants will qualify to be permitted as ‘Small Operators’ if they have four or fewer service locations within the City of Denton, and operate two vehicles or less, within the City of Denton, including trailers, of which each vehicle does not have a Gross Vehicle Weight Rating (GVWR) of more than 14,000 pounds.

**Granting of Permit**

As a condition of granting a permit, the person or entity receiving such permit (permittee) agrees to execute and comply with all requirements of the service agreement, carry specific types and amounts of insurance, submit reports, and pay the necessary fees by the specified due date. Following the granting of a permit, permit stickers shall be issued by the City and shall be placed

by the permittee on all vehicles operating within the city limits of Denton and upon all containers placed within the City limits of Denton. Collection and transportation vehicles operating in Denton, and containers set in Denton are required to display a current and valid calendar year permit decal at all times. If decals are lost by the permittee, and are not visible on their vehicles or containers, then the vehicles and/or containers must be re-permitted by the permittee, and all appropriate fees paid, prior to the vehicles or containers being placed in service within Denton's city limits. The City of Denton is not responsible for lost decals.

**Exclusions**

Individuals living within the City limits of Denton, and hauling personal materials, wastes, or recyclables from their primary living residence are exempt from this requirement.

Any person, who transports applicable materials three or fewer times per year, shall register with the City on the forms provided for that purpose. No annual service fees are required, but registration and permitting through the City is required.

Service providers desiring to provide services in more than one service category are required to complete permit documentation and pay the applicable fees for each service category they desire to provide within Denton’s City limits. All fees paid are nonrefundable.

Application, service, and container fees are payable at the time of application submittal. Right-of-way usage fees are due and payable prior to setting a container in the right-of-way. Service and container fees are non-transferable between vehicles and containers, and are unit specific.

Container fees apply to each container placed by the permittee within the City limits of Denton, and non-City owned containers serviced by the City, but do not apply to City of Denton owned containers. Containers are defined as any refuse containment equipment that are at least one cubic yard in size, which can be lifted and emptied using a special vehicle designed for that use, i.e. which are not emptied manually. Container fees are established for each cubic yard of container capacity, per container, as listed within the Fees section. All containers require a container permit fee regardless if the container is or is not placed on the ground.

Permitting and fees are applicable and due for all businesses hauling baled recyclables generated from businesses located within Denton’s City limits.

Permittees currently permitted, and choosing not to reapply for and make payment for a new collection and transportation services permit by December 31<sup>st</sup>, for the upcoming calendar year beginning January 1<sup>st</sup> will be assessed an additional \$500 fee upon permitting or may not be granted a permit by the City of Denton. If all permit fees are not paid prior to December 31<sup>st</sup>, all unpermitted containers will be removed from their service provider locations beginning January 1<sup>st</sup> by the City of Denton. Collection of these containers by the service provider requires that the time and materials charges incurred by City staff to relocate these containers must be reimbursed to the City by the service provider, prior to the City’s release of these containers.

### **Violations / 'No Operations' Declaration**

A business which has not been permitted by the City to operate within the City limits of Denton; or has been suspended by the City from operating within the City limits of Denton, Texas shall be charged a sum of up to \$500.00 per day by the City, for each day of violation of this ordinance, if the provider violates the 'No Operations' requirement prior to receipt of a City of Denton permit, or during any suspension of a permit period. Each day of illegal operations during a 'No Operations' period is considered a separate violation and the service provider is subject to being charged a sum of up to \$500.00 for each day of violation. Following the receipt of a 'No Operations' declaration and prior to a service provider being reinstated to legally operate within the City limits of Denton, the service provider must meet with the City staff to update their application and agreement and make payment of all monies owed to the City.

If a service provider operates a vehicle within Denton's City limits which has not been permitted, uses a container which has not been permitted, operates any piece of equipment with an expired permit, performs some other permit violation, does not make payment of the appropriate fees in a timely manner, the city will issue a 'No Operations' declaration to the service provider, and assess all applicable permit violation fees. Once a service provider has been issued a 'No Operations' declaration from the City, all services to be provided within Denton's City limits are required to cease. Non-permitted containers may be collected by the City and stored until collection, storage, and permitting fees associated with each container are paid to the City of Denton. Following a meeting with the City staff, and the payment of all monies owed the City, the status of the permit will be determined.

### **Revocation of Services & Non-Renewal of Permits**

If the City finds any requirement of the permit has been violated, or observes service providers operating within Denton's City limits without current permits, the City may institute a 'No Operations' declaration. Additionally, the City may revoke or not renew the service providers permit, thereby requiring the service provider to cease all operations within the City limits of Denton.

### **Reclassification of Recyclables**

Recyclables containing ten (10%) percent or more contamination, as determined by the City, will be considered refuse, and its collection may not be provided by service providers permitted under this ordinance. This material shall be reclassified as refuse and will be collected by the City of Denton. The General Manager, Solid Waste Services or his designee, will make the final determination on whether stored recyclables contain excessive contamination, which at the City's determination, may cause the reclassification of these materials to municipal solid waste (MSW), thereby negating the ability of a service provider to transport this material within Denton's City limits under their operating permit pursuant to this ordinance.

The City of Denton has the authority to inspect the contents of any container located within Denton's City limits in order to determine the materials content of the container, so as to ensure compliance with the contamination requirements, which shall not exceed 10%.

## **Terms and Renewal**

Permits are issued annually, beginning December 1, and are effective from January 1, or the date of issuance, whichever is later, through December 31 of the same calendar year. The permit application process should be initiated and fees should be paid as early as possible during the last quarter of each calendar year for the upcoming calendar year so that adequate time is available for review and processing of the application. All collection and transportation permits shall be valid for up to one calendar year from the date of issuance. All permits issued during a calendar year will expire on the last day of that calendar year.

**SCHEDULE SD**  
**STORM DRAINAGE FEES**  
(Effective 10/01/14)

**APPLICATION**

Applicable to all real property and appurtenances owned and located within the incorporated limits of the City of Denton, Texas, except as exempted below. The Storm Drainage fee charged to each tract of real property is based upon the amount of impervious surface cover that results in water runoff or water quality impacts into the City of Denton drainage system.

**MONTHLY FEE – RESIDENTIAL (SDR)**

The residential fee is applicable to all single-family through fourplex real properties located within the incorporated limits of the City of Denton, Texas, for which impervious surfaces can be individually identified. The residential fee is established by utilizing a block system. The fee charged in each fee block is set forth and established as follows:

<u>Fee Block</u>	<u>Per Bill</u>
0 – 600 Square Feet	\$ 0.50
601 – 1,000 Square Feet	\$ 1.00
1,001 – 2,000 Square Feet	\$ 3.35
2,001 – 3,000 Square Feet	\$ 5.45
3,001 – 4,000 Square Feet	\$ 7.60
4,001 – 5,000 Square Feet	\$ 9.75
5,001 – 6,000 Square Feet	\$12.00
Over 6,000 Square Feet	\$15.50

**MONTHLY FEE – NON-RESIDENTIAL (SDN)**

The non-residential fee is applicable to all other real property owned and located within the incorporated limits of the City of Denton, Texas, except as exempted below. The non-residential fee is based upon the total square footage of impervious surface cover measured for each customer/owner.

Formula:

Measured Square Footage of Impervious Surface Cover x \$0.00186 per bill

**EXEMPTIONS**

The following real property owned and located within the incorporated limits of the City of Denton, Texas shall be exempt from imposition of the residential fee or the non-residential fee:

1. Real property with proper construction and maintenance of a wholly sufficient and privately-owned drainage system, not draining into the City of Denton drainage system, upon the real property's inspection and certification by the City; or
2. Real property held and maintained in its natural state, until such time that the real property is

developed, and all of the public infrastructure constructed thereon has been accepted by the City; or

3. Real property, consisting of an unimproved subdivided lot, until such time as a structure has been built on the lot and a certificate of occupancy has been issued by the City.

No other exemptions to the residential fees or the non-residential fees are applicable
