Dear Ms. McLeod,

The Village Church Denton is requesting a noise ordinance exception for a church service we are wanting to hold at North Lakes Park on April 23. We will be singing a few songs together, reading from the bible and praying. We will also be performing the ordinance of baptism. Our church is made up of Denton residents who love and serve many people in our city and our gatherings together on Sunday serve to equip and encourage our church in these good works. The information about the event is noted below:

Date: April 23rd, 2017

Time: 10 a.m.

Location: North Lakes Park

Please feel free to contact me at our offices if you have any questions at all.

Regards,
