Thanks, Julie. This is helpful.

As I mentioned on the phone we are overseas now and unable to attend the public hearing. But I'd like to go on record as being supportive of the proposed zoning change.

Thanks for your help.
best regards,
Richard Tinnerello

Good afternoon,

These attachments may help to cross reference the Limitations on the uses. An SUP requires public hearings and approval by City Council. Thanks!

Thank you, Julie. Looks like my properties (the three lots across Lakeview from the rezoning area, about 6 acres total) are now zoned RCR-1 according to the Existing Zoning Map.

I looked at the Permitted Use Comparison document, but do not understand what many of the entries mean, for example "SUP", "L(8)", "L(15)", etc. Is there a legend to explain those please?

Thanks again, and have a great day!

Richard Tinnerello

I understand that few homes are in the 200 ft. range of the requested change. This is because the light rail track/trail and a park are between property and homes. I was not contacted because I am further than the 200 feet.

I have lived in Villages of Carmel since May 2010. We continue to be surrounded by changing zoning. I understand progress; however, a third Kroger is not needed, nor would it be a good fit in this highly congested neighborhood. We have two very large Krogers, Walmart Neighborhood Market, Sprouts, two Aldi's, two Walmarts, and Albertsons to choose from already. It would sit at an intersection clogged with neighbors trying to get in/out of the neighborhood, as well very close to a dangerous pedestrian/bicycle crossing at the light rail crossing. It would also bring more noise, light pollution, crime, and increase in homeless persons along the rail trail, and generally not improve our quality of life.

I am 67 and mobility challenged. I ride my bike daily along the rail trail. Getting out of the neighborhood to the trail is an increasing challenge. I encountered groups of up to 20 walkers, biking clubs, families out walking, runners, etc on the trail today. I already do not ride toward MedPark station and toward downtown due to the number of homeless persons I encounter. They are generally cordial, but several have tried to get me to stop. Most I encounter in areas with commercial businesses backing up to the trail. A Kroger would be a prime spot for these persons to look for food and shelter. This is an increasing problem for Denton.

In addition to the obvious issues, I understand the area also includes environmentally sensitive parts that need to be protected. Every tree lost, every stream polluted, every area cleared does damage to the environment and wildlife survival.

Please consider leaving the zoning in this area as is.
Thank you.

Comments:

I'm against this zoning proposition because it's going to bring more traffic/congestion, crime, pollution, and noise to my neighborhood, the Preserve at Pecan Creek, as well as involve cutting down far too many trees. My neighborhood is already losing far too many trees for it to be considered a "preserve" anymore, so adding a giant grocery store certainly won't add to that ideal. We also already have two Kroger grocery stores that are both approximately 3.3 miles from the proposed location. To sum up, I feel like this would be a very poor decision for the surrounding neighborhoods, and I feel that the other citizens of the city of Denton that live in this neighborhood with me will respond strongly against this as well.

Thank you,

Steven Hicks

Subject: Rezoning Request Input

My husband and I will be out of town during the zoning request meeting this week at The Preserve at Pecan Creek. We both very adamantly disapprove of the request to rezone and build a Kroger and filling station and pad sites at the corner of Shady Shores and Lakeview. The Preserve is a very nice HOA development with green space along Lakeview. To build up that corner at our main entrance would be commercial and distract from the entrance to our community. Another reason not to rezone is the heavy traffic at the corner. Several times a day when two elementary and a middle school traffic occur, it delays getting in and out of the neighborhood. Interstate 35 construction and the access lanes also block traffic. And last there is a flagship Kroger Store less than 10 minutes away and QT within 3 minutes away.

I think you will find these reasons not to rezone reasonable. Please do not rezone this area for such heavy business/commercial use.

Thank you,
Robin and Douglas Baum

Subject: Re: Shady Shores Rezoning Request

Hello John,

I'm sorry that we did not get a chance to speak at the DBCC Banquet.

I am out-of-town now, and also was when the 3/22 meeting took place. Since I cannot attend the 3/29 meeting, I would like to share with you what I, and many of my immediate neighbors would like to see regarding this new development. We imagine that there will be some sort of wall erected at the rear of the stores. If that is not in the plans, it should be. Also, between the wall and the community, a very tight line of evergreen trees/shrubs should be planted.

The homeowners on Sun Ray Drive paid lot premiums to the builder (Centex) because the property across the street from these homes would not be built on and would be a greenbelt forever. Now it is a City park, but still in effect a "green belt." During the winter months, it would be undesirable to gaze through the leaf-less trees and see a stark wall. That is why the line of evergreen trees and shrubs would be beneficial in preserving the natural views year-round that currently exist.

Thank you in advance for taking this concern forward to the developers.

RON JOHNSON

Forward to Planning. I assume it may be going to P&Z or there may be a neighborhood meeting scheduled for that night.

Subject: New Kroger

Hello,

A few days ago I heard about a plan to build a new Kroger store between Classic Autos and Lakeview Drive, along I35E. I am opposed to the idea. Have I reached the right department? If not, who is the right person?

I'm currently working out of state and won't be able to attend the March 22nd meeting.

Thank you

Earl Armstrong
