DEPARTMENT: Materials Management

ACM: Mario Canizares

DATE: September 19, 2017

SUBJECT

Consider adoption of an ordinance authorizing the City Manager to execute an Interlocal Agreement with the North Central Texas Council of Governments (NCTCOG) under Section 791.001 of the State of Texas Government Code, to authorize the City of Denton to obtain Digital 2017 Orthophotography data from the NCTCOG Geographic Information System; authorizing the expenditure of funds therefor; and providing an effective date (File 5590 Interlocal Agreement with the North Central Texas Council of Governments for a not-to-exceed amount of \$39,865.00).

FILE INFORMATION

This Agreement will enable the City of Denton to obtain North Central Texas Council of Governments (NCTCOG) 2017 aerials in digital format. The aerial data is useful in a variety of projects including engineering, utility location, urban planning, land use, impervious surface calculations and GIS applications. City Planners and Engineers will have the ability to perform detailed measurements and determine land-use and environment conditions. Aerial data is collected every two years by NCTCOG and is dependent on other entity participation to determine charges. In addition, NCTCOG allows entities to split the cost over two fiscal years. The City of Denton has participated in this program since 2001.

Section 791.001 of the Government Code requires that all Cooperative Agreements must be authorized by the governing body, regardless of the dollar amount.
