

Sound Variance for 2017 Denton's Day of the Dead Fest

The organizers of Denton's Day of the Dead Festival politely request that the Denton City Council approves a sound variance for the corner of Mulberry and Industrial St (location of the Main Stage) for Sat, Oct 28th, 2017. We would like to request a sound variance not to exceed 75 db between the hours of 11am and 9pm. Denton's Day of the Dead Festival will conform to the guidelines in the City of Denton Community Events Manual.
