Dear Resident or Property Owner,

RE: Congress Street Parking

The Traffic Safety Commission has been advised of safety concerns related to the level of on-street parking on Congress Street between Bolivar Street and Carroll Boulevard. On-street parking on the north and south side of Congress Street impairs the mobility of public safety vehicles needing to access Congress Street.

As a property owner or resident on or adjacent to Congress Street, City of Denton officials want to inform you about the upcoming City Council Meeting that may discuss on-street parking on Congress.

City of Denton City Council Meeting  
**Tuesday, October 17, 2017**  
**1:00 pm**  
City Council Work Session Room, Main City Hall  
215 E. McKinney Street  
Denton, Texas 76201

Should you have any questions regarding this proposal, please feel free to contact Pritam Deshmukh, Senior Engineer at 940-349-7710.
