Subject: Apartments on Poinsettia

Julie
My name is Martha Davis and I live on Teal Drive in Denton.
I am heartbroken to hear apartments are planned for our neighborhood.
Condos similar to those on Poinsettia would be welcome and encouraged as they are always in demand.
Apartments NOT! They will result in much more traffic and parking on our streets. We feel safe in our neighborhood and this will change dramatically with apartments for walkers -pets-children-and general traffic. Property values will decline as well. We are proud of our neighborhood and only want change for the better. What time and where will the public hearing be.

Subject: Zoning change Z17-0008 & S17-0010

I am against the zoning change for this lot for multifamily residences. The traffic coming onto Poinsettia just to make a U-turn to go north on 428 makes it almost impossible to use that exit for Beverly Estates Park in the morning or evening. Adding more people on an already busy road with no lights is madness. We are adding too many people and cars without the proper infrastructure.

I live at 1404 La Mirada so this zoning change does affect me personally.

Thanks,
Diane Robson (Diane Davis on home loan)

Subject: Beverly Evers

Hi Julie,

I'm writing in regards to the zoning change adjacent to Beverly Evers Estates. We recently purchased our first home less than 6 months ago in this neighborhood. The biggest factor for my husband and I buying a home was the neighborhood. We have a young daughter and love being outside. We wanted a safe environment for her.

It is my understanding an apartment complex is being proposed for this piece of land. I know there is a need in Denton for affordable housing. It's not so much an apartment complex that concerns me, it's the traffic.

1) With the addition of Harvest Hill community being built just East of the neighborhood, this is an additional 150 homes (300+ cars) with traffic through our neighborhood down Poinsettia.

2) There are signs for Sherman Crossing on the West side of Sherman with more residential homes, adding to the traffic.

3) In the evenings, in particular when there is a game or event taking place at the Collins stadium, it is near impossible to make a left hand turn from Loop 288 onto Sherman and again from Sherman onto Poinsettia. It is very dangerous and causes great concern for me. The congestion the area already receives with events at the stadium will near triple with all these new residences.

4) Parking and congestion on Poinsettia. There is already lots of street parking for the condos on Poinsettia, I fear with the entrance of an apartment complex being located IN OUR NEIGHBORHOOD, *ON* Poinsettia, this will cause more difficulty turning in and out onto Sherman.

Like I mentioned, we just bought our home for the neighborhood. I really hope the aesthetics of what we currently have does not change and this won't have an affect on our property value. I hope the apartments continue to line the road with trees and wide sidewalks (like the rest of the neighborhood). My family goes on a walk twice a day down Poinsettia with our daughter in tow on her bike or scooter. The inclusion of a walking trail, mini park area along with the trees and wide sidewalks can go a long way with the residents in Beverly Evers. I also request the apartments be of the same caliber as our neighborhood (i.e. no lime green doors like those complexes closer to campus).

I will do my best to attend the meeting tonight with my other neighbors.

How will we be made aware of progress with this rezoning?

Thank you for your time,

Donna Caruthers

Subject: plans for apartments near Beverly Park development

I am writing in reference to a zone change for some apartments to be built on Poinsettia Street. The traffic is already bad enough on that street to get onto Sherman Drive especially with game days at C.H. Collins. This will only add to that plus completely ruin our quiet neighborhood. I totally am opposed to apartments being built there and changing the zoning. Please keep me updated on future developments and let me know what else can be done.
Thank you!

Subject: Public Hearing concerning Property on Poinsettia Blvd

To whom it may concern:

I live at 1710 Poinsettia Blvd and love the property so much, however to the east we have a new development of 150 homes to be built!! and across Poinsettia to the north I received a registered letter that the plans are to build a 3 story Apartment Complex that will enter and exit on Poinsettia Blvd ! There are also approximately 47-48 homes behind Blvd that their only exit is Poinsettia Blvd !! Because of what I understand and where the entrance will be into the New Multiple Apartment Complex there will be terrible traffic problem!!

I am a Realtor and have been for many years and I understand the need for growth of our town! But look at the possibility of major traffic problems in this area!! I would appreciate your concern in our area and hopefully this can be resolved at this time!!

Thank you ,
Kay Standifer

Subject: PUBLIC HEARING

November 21. 2017

Re: Public Hearing November 29, 2017

TO WHOM IT MAY CONCERN:

I live at 2202 Poinsettia Blvd, to the east they are building 150 homes, to the west they are planning on building 3 story apartments that will enter and exit on Poinsettia Blvd. There are also approximately 48 homes behind Poinsettia Blvd that their only exit is Poinsettia Blvd!

If this takes place there will be so much traffic congestion to get on Poinsettia Blvd to the only two exits to Sherman Drive or Manten Blvd. .

WHAT ARE THEY THINKING????

Sincerely,
Deanna Rogers
2202 Poinsettia Blvd
Denton, Texas 76208

To: City Planning Committee:

Concerns about Project Number: Z17-0008

Project name: Palladium

As a home owner at 3907 Teal Drive I currently frequently experience difficulty entering and exiting my neighborhood at the both Sherman Drive and Poinsettia Blvd. and leaving Loop 288 Westbound and trying to go under the Loop on Sherman Drive. On game nights and during other special events at the stadium and water park it is already necessary to have police officers managing traffic at the Loop. Even the Advanced Technology Complex and Popo Gonzalez schools on LaGrone empty out onto Sherman Drive.

The thought of having NRMU brings up the following concerns if high density housing is built:

- 1) Traffic – especially during rush hour and times when the stadium and water park are drawing a lot of traffic
- 2) The new subdivision going in on Kings Row will already increase traffic on Poinsettia Blvd.
- 3) Schools for additional children.

My family will attend the meetings and we look forward to hearing about plans that have been made to address the quality of life and property values in our neighborhood.

Sincerely,

Mary Bryant

Comments: With the addition of 150 new homes going up to the east of Beverly Estates (off of Kings Row), and the planned housing in Sherman Crossing to the west, an apartment complex located in-between, will add a tremendous amount of cars traversing Poinsettia Blvd. Single family residences or townhouses to mirror the existing ones, seems to be a preferred fit for Beverly Estates neighborhood.

This is just one of several objections to this proposed development. Thank you.

Subject: Project Numbers: S17-0010 & Z17-0008; Project Name: Palladium

I am opposed to the above zoning requests for the following reasons:

1. Loss of privacy as those tenants will be able to see into our town homes through the smaller windows above the regular sized windows.
2. There will be a tremendous amount of increased traffic - 150+ vehicles entering and exiting on the only street entering and exiting the neighborhood.
3. Where will 150+ vehicles park? Certainly not on the street so will we have to look at all those cars every time we go outside?
4. Assuming you plan to rent to students, there will be an increased number of vehicles for which there will not be enough space on street to park, and increased noise because of gatherings of whatever kind!!
5. Will there be children? What about their safety when they are outside??
6. Will there be pets? That's noise and their messes waiting to happen!!!
7. Retail space does not belong immediately across the street from our homes. This is not downtown Denton!!!

This is not an appropriate use of this land as this area is going to be surrounded by single family dwellings on both sides of Sherman Drive. The only logical housing to build in this area would be more single story town homes.

Subject: Zoning change on Sherman Drive/ Poinsettia Blvd. concern

Julie,
I just wanted to send you an email voicing my concern with the zoning changes / Porject name: Palladium. My husband, Mark and I moved from Southridge to our condo at 1602 Poinsettia in June 2014. We moved to North Denton for several reasons, mainly to get away from all the congestion and traffic issues. Now we face a zoning change to multiple family directly across the street from us. Not only will this create additional traffic issues, but I believe the crime will rise also due to apartments creating 24/7 additional people, tenants, visitors, etc. The left hand turn from Poinsettia to Sherman Drive is challenging now, and I'm very afraid it will be deadly with so many additional travelers, pedestrians in the area. Not only have Mark and I lived in Denton most of our lives, but we have seen the crime in some areas, as well as the homeless people on the Square creating a very different style of life. I understand growth is important for our city, I just don't want to live across from apartments at this time in my life. We moved to the condos on Poinsettia because we loved the family friendly neighborhood with so many families walking, biking and strolling with their children and pets. I fear this will be a very dangerous street with it being cut thru to the East and so many added cars, trucks, buses, etc. please take this all in consideration. More condos would be ideal across the street. Ask any realtor, you can't find any in Denton easily.

Thanks for your time and I hope you can use this in the P&Z meeting as well as city council meeting.

Sincerely,

Mark and Connie Lane

Subject: Opposition to Project S17-0010 Poinsettia Blvd

Hi Julie,

I am OPPOSED to the proposal for apartments on Poinsettia Blvd for the following reasons:

- Traffic Congestion - the housing development directly to the east will open up and join Poinsettia Blvd adding another 150+ homes of traffic to our street
- Property Values - the addition of apartments across the street will significantly decrease our property values and those of the neighborhood.
- Parking Congestion - the addition of apartments will add more traffic and significant increase in the parking on the street itself. The addition of multiple cars parked on both sides of the street will make negotiating the street dangerous and unattractive.
- Children's safety - the addition of parking, traffic congestion, etc. due to apartments will also add safety hazards for children in the neighborhood. They will likely play and run between parked cars (which would be substantial). This includes neighborhood pets as well.

Our neighborhood would be better served by either condominiums similar to what is already built on Poinsettia or Townhomes.

If an apartment complex is approved, I would appreciate these considerations:

- No direct access to apartments from Poinsettia Blvd. Access to/from would be only available on Sherman Drive.
- Significant setback and fencing along Poinsettia with no direct street access from Poinsettia for Parking.
- Apartments would be expected to be of the same caliber of housing as already exists and have substantial landscaping/fencing enclosures
- If Parking is around the perimeter, the apartment complex would build a brick wall to block view of cars from Poinsettia

We are very proud of our neighborhood and do not wish to see it decline due to apartments. We plan to be at the Public Hearing to voice our concerns and objections.

Thank you,

Camille Hazard

Subject: Projected zoning change

I wish to protest the projected zoning change for the Beverly Park Estates to allow for the building of more apartments. This is a SFR neighborhood, and we need no more apartments in the area. The increased traffic resulting from greater density housing is unwelcome and increases the maintenance burden on our already poorly maintained streets.

All the Best,

John Zeigler
