**SUBJECT**

Consider recommending approval of the Denton Municipal Electric Fiscal Year 2017-18 Operating and Capital Budget.

**BACKGROUND**

The City’s emphasis for this year’s budget process in on cost containment while maintaining excellent system reliability and strong financial management of the City’s Electric Utility System. The budgetary focus remains on the long term maintenance and expansion of utility assets and system reliability. The proposed budget is attached to this report as Exhibit 1. The proposed budget calls for an overall rate decrease of 1% in FY 2017-18. FY 2017-18 is the final year to pay off the TMPA debt associated with the generation plant. The operating revenues total \$173.680 million and operating expenses total \$181.042 million. The proposed budget anticipates a drawdown of \$7.362 million in the reserve balance to cover a portion of this last TMPA debt payment. The Electric Utility has built up reserves in prior years in anticipation of some drawdowns for TMPA debt repayment. The Capital Budget totals \$100.785 million with a bond sale of \$54.0 million. Also included as attachments are the presentation from the June 12, 2017 meeting (Exhibit 2) and additional details on the capital budget (Exhibit 3).

I have also attached a summary budget presentation for this meeting as Exhibit 4.
