## Agenda Information Sheet

**DEPARTMENT:** Water Utilities

**CM/ ACM:** Jon Fortune, 8535

**Date:** May 2, 2017

### SUBJECT

Consider adoption of an ordinance authorizing the City Manager to execute a water main cost participation agreement between the City of Denton, Texas and Love's Travel Stops & Country Stores, Inc. for the City's participation in the oversizing of water mains and in accordance with the terms and conditions of this ordinance; authorizing the expenditure of funds therefore; and providing an effective date. (In the not-to-exceed amount of \$80,322.16)

### BACKGROUND

Love's Travel Stops & Country Stores, Inc. ("Developer") is in the process of installing approximately 2,532 feet of water line within the City Limits of Denton (**see Exhibit 1**). This line is part of the public improvements they are installing as part of their Love's Travel Stop Development project. The Development project requires a 12" water line to be installed along I35N from FM 1173 to Barthold Road. The City sought to oversize the pipeline from a 12" to a 16" in accordance with the City's oversize participation policies and procedures outlined in the Denton Development Code. The purpose of the oversize is to increase the water transmission line capacity along the I-35N corridor. The 16" water line size is consistent with the recently Water Distribution System Master Plan.

The Developer presented the City with their tabulated calculation of the Oversize Participation Amount (**see**

**Exhibit 2).** Staff has reviewed the entire tabulation and determined that 1) the quantities are correct, and 2) the unit prices are not unreasonable, based on similar work on other recent projects. Thus, Staff takes no exceptions to the oversize participation cost as prepared by the Developer. Staff has prepared a corresponding Water Main Cost Participation Agreement (**see Exhibit 3**).

### **OPTIONS**

1. Approve the Water Main Cost Participation Agreement as prepared and submitted by Staff.
2. Reject the Water Main Cost Participation Agreement.

### **RECOMMENDATION**

Staff recommends approval of the Water Main Cost Participation Agreement as prepared and submitted.

### **ESTIMATED SCHEDULE OF PROJECT**

This project is currently under construction with completion date of October 2017.

### **PRIOR ACTION/REVIEW (Council, Boards, Commissions)**

At the April 24, 2017 Public Utilities Board Meeting recommended approval of the Development Agreement 6-0.

### **FISCAL INFORMATION**

The City's financial obligation regarding this item is \$80,322.16. There is \$200,000 budgeted for oversize participation in the FY 2017 (**see Exhibit 4**).

### **STRATEGIC PLAN RELATIONSHIP**

The City of Denton's Strategic Plan is an action-oriented road map that will help the City achieve its vision. The foundation for the plan is the five long-term Key Focus Areas (KFA): Organizational Excellence; Public Infrastructure; Economic Development; Safe, Livable, and Family-Friendly Community; and Sustainability and Environmental Stewardship. While individual items may support multiple KFAs, this specific City Council agenda item contributes most directly to the following KFA and goal:

**Related Key Focus Area: Public Infrastructure**

**Related Goal: 2.3 Promote superior utility services and facilities**

### **EXHIBITS**

1. Location Map
2. Tabulated Calculation of the Oversize Participation Amount
3. Water Main Cost Participation Agreement
4. FY 2017 CIP Detail Sheet
5. Ordinance

Respectfully submitted:  
Dr. Kenneth E. Banks  
Director of Utilities
