SUBJECT

Consider recommending approval of the Solid Waste Fiscal Year 2017-18 Operating and Capital Budget.

BACKGROUND

The City's emphasis for this year's budget process is on cost containment while maintaining excellent system reliability and strong financial management of the City's Solid Waste System. The proposed budget is attached to this report as Exhibit 1. The proposed budget calls for no rate adjustments in FY 2017-18. The operating revenues total \$38.530 million and operating expenses are \$38.528 million. The Capital Budget totals \$11.616 million with a bond sale of \$9.015 million.

The cost containment measures included in the recommended in the FY 2017-18 budget are:

- Reduction of 2.0 FTE's in the public outreach division
- Budgeting of salary savings due to regular turnover at 1.5% of salaries and benefits
- Reduction in several line item expenses by \$620,294 based on reviews of historical expenses
- Reduction in FY 2016-17 CIP and associated debt issuance by \$9.4 million
- Reduction in communication service and equipment expense

Also included as Exhibit 2 is the presentation from the May 8, 2017 meeting.
