Agenda Information Sheet

DEPARTMENT: Sustainability

CM/ ACM: Jon Fortune

Date: March 6, 2017

SUBJECT

Receive a presentation and hold a discussion regarding LEED building requirements and process.

BACKGROUND

The Committee on the Environment requested additional information about the LEED requirements and process following our discussion about Fire Station 3. Beth Brant from DSGN Associates will present some basic background information regarding LEED and review the new version as it compares to the current code and the previous version of LEED.
