Agenda Information Sheet

DEPARTMENT: Denton Municipal Utilities

CM/ ACM: Bryan Langley

Date: October 23, 2017

SUBJECT

Receive a report, hold a discussion, and provide staff with direction concerning the approval of a public works contract for Directional Boring Services for Denton Municipal Electric and other utility departments which includes labor, equipment, tools, supervision, as well as all administrative and insurance costs incurred by the contractor, necessary to complete installations of underground directional bores; providing for the expenditure of funds therefor; and providing an effective date (RFP 6516-awarded to C&C Directional Boring, LLC, in the three (5) year not-to-exceed amount of \$3,000,000).

BACKGROUND

The City has utilized contractors for the installation of underground utilities since February 2000. Due to the rapid rate of growth in Denton and the City's desire to install underground facilities in all new subdivisions and in locations that meet economic feasibility, the City began letting contracts for this type of work. This solicitation is in compliance with State law and is intended to replace the expired agreement let under RFP #5570.

RFP #6516 includes labor, equipment, tools, supervision, as well as all administrative and insurance costs incurred by the contractor, necessary to complete installations of underground directional bores under the direction of DME and City staff. Anticipated work will be performed for underground construction in residential subdivisions, commercial and industrial developments, exit feeders for new substations, and overhead conversion projects. This agreement does not guarantee a minimum amount or value of construction work. Any work will be tasked under the contract on an as-needed basis as determined by DME and/or the City of Denton.

Requests for Proposals were sent to 464 prospective suppliers of this item. In addition, specifications were placed on the Materials Management website for prospective suppliers to download and advertised in the local newspaper. Three (3) proposals were received. The proposals were evaluated based upon published criteria including price, project schedule, compliance with specifications, and indicators of probable performance. A Best and Final Offer (BAFO) was conducted which clarified line item pricing. C & C Directional Boring, LLC, was ranked the highest and determined to be the best value for the City (Exhibit 1-Evaluation/BAFO Sheet).

RECOMMENDATION

Recommend award of a contract with C & C Directional Boring, LLC, in the five (5) year not-to-exceed amount of \$3,000,000. This amount is based previous spend history over the last contract period.

ESTIMATED SCHEDULE OF PROJECT

This is an initial one (1) year contract with options to extend the contract for four (4) additional one (1) year periods, with all terms and conditions remaining the same. Purchase orders will be issued based on project schedules.

PRIOR ACTION/REVIEW (Council, Boards, Commissions)

This item is expected to go before the City Council for final approval at the November 7, 2017 regularly scheduled meeting, pending approval by this Public Utility Board.

BID INFORMATION

The services provided through this contract will be funded from project accounts on an as needed basis.
C & C Directional Boring, LLC
Shady Shores, TX

STRATEGIC PLAN RELATIONSHIP

The City of Denton's Strategic Plan is an action-oriented road map that will help the City achieve its vision. The foundation for the plan is the five long-term Key Focus Areas (KFA): Organizational Excellence; Public Infrastructure; Economic Development; Safe, Livable, and Family-Friendly Community; and Sustainability and Environmental Stewardship. While individual items may support multiple KFAs, this specific City Council agenda item contributes most directly to the following KFA and goal:

Related Key Focus Area: **Public Infrastructure**

Related Goal: **2.3 Promote superior utility services and facilities**
