AGENDA CAPTION

Consider adoption of an ordinance accepting competitive bids and awarding a public works contract for the Cooper Creek Interceptor I and II project consisting of the replacement of approximately 7,000 feet of existing 21" and 24" clay sanitary sewer with new 84" Fiberglass Reinforced Pipe (FRP) and 30" Polymerized Vinyl Chloride (PVC) sanitary sewer along Cooper Creek between Prominence Parkway and Old North Road; providing for the expenditure of funds therefor; and providing an effective date (IFB 6576-awarded to Condie Construction Company, Inc., in the not-to-exceed amount of \$3,137,496). The Public Utilities Board recommends approval (7-0).
