**Subject:** Ethics advisory opinion request

Madison;

My question: If I have solar panels on my home and being paid by DME for power (by proxy).

Based on the current ethics ordinance, should I recuse myself from voting on the rate. Understanding it is the rate I would be paid.

Please note the vote will be taken 9/17/24...if I can have the ethics boards advisory opinion in advance of that vote, that would be great.

Gratefully,

Gerard Hudspeth, Mayor of Denton, TX
